### Schoolboys Take Over Newton City Hall For "Day" Tuesday

Newton will take an active part in the observance of National Boys' Club Week, April 6 through 12, with a special "Boys Day in Government" taking place at City Hall next Tuesday from 9 a.m. to 11 a.m. Boys affiliated with the Newton club will take over positions of local officialdom at city hall with a special motorcade bringing the lads from the club to city hall at 8:45 a.m.

The young "officials" will be sworn in at city hall between 9 and 9:15 Tuesday morning and will then proceed to take on the active management of the municipality. Regular officials will give their young "successors" a half-hour briefing of their respective duties prior to handing over the reins of government. From 9:45 to 10 o'clock, the boys will be taken on a tour of the War Memorial where a brief talk will be given by

City Clerk Monte G. Basbas. Exercises at the Aldermanic Chamber at 10 o'clock will feature remarks by Mayor Whitmore, Wendell R. Bauckman, of the Board of Aldermen, and Haskell C. Freedman, of the school committee. The boys will be given a conducted tour through the police department and District Court starting at 10:30 a.m. Lunch will be served from 1:15 to 2:15 p.m. The return to the Boys Club will follow.

## 13 Local Agencies Will Take Part In "Red Feather Month"

A varied program of special events conducted by the 13 member agencies of the Newton Community Chest will mark Red Feather month here during April according to an announcement this week from Harry L. Walen, chest president. Observance of Red Feather Month throughout the metropolitan Boston area will acquaint the public with the services and programs being provided by the approximately 300 health, welfare and recreation agencies, President Walen stated.

The Newton official also said that the month-long observance aims to thank those who contributed to the United

Fund campaign last fall there by helping support these vital agencies.

## Final Spurt Needed For Easter Seals

An all-out effort to reach Newton's modest goal of \$8,000 in the Easter Seal campaign has been urged by Miss Ruth Burns, assistant vice-president of the Newton-Waltham Bank and Trust Company, who is treasurer of the seal drive here.

\$5,486, or 64 percent of the total quota, has been raised in the Greater-Newton area.

Persons who have lost, or misplaced their Easter Seal envelope, or who did not receive one, may send their contribution to "Crippled Children" in care of the local post office.

## Handling of Job Freeze Bill Was Both Brazen and Stupid

The furor aroused when a bill to freeze live former legislators in the State jobs was slipped through the House of Representatives at an informal session pointed up both the audacity and the poor judgment of the leadership of that body.

The storm of protests was caused as much by the obvious attempt to get the measure through when no one was looking as by the bill itself.

It is doubtful if the measure would have provoked nearly as much objection if it had been acted upon at a regular session of the House with all the members in attendance and with the matter open for debate by anyone who wanted to argue about it.

Other bills to freeze persons in their jobs have been passed by the House this year without

# Whitmore Blasts New Limit Provided In Sales Tax Bill

## Mayor Charges Measure Makes Homicidal Attack On Home Rule Principle

A warning that communities such as Newton might be forced to curtail essential public services in future years if Governor Furcolo's limited sales tax bill is enacted with its present tax limitation provision, was sounded by Mayor Howard Whitmore, Jr., during a hearing this week before the legislative committee on taxation.

Whitmore branded the proposed imposition of tax limits on cities and towns as a "homicidal attack on the principle and fraction of home rule," declaring that home rule will be a "complete myth" if such limits are enforced.

The Newton Mayor also maintained that it is illogical to act on the sales tax measure until the State budget has been passed and it is definitely ascertained if the money which would be realized from a sales tax is needed.

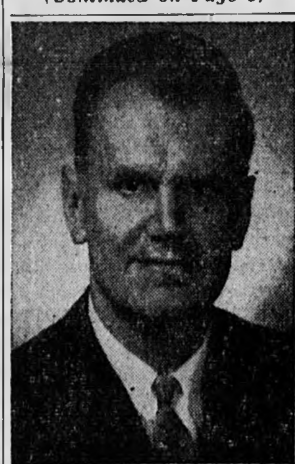

His attack upon the tax limitation provision in the Governor's measure was regarded by Beacon Hill observers as particularly telling and is believed to have cost it some Republican votes.

Meanwhile, it was learned that three of Newton's four legislators in the Massachusetts House of Representatives are presently disposed to vote against the sales tax bill.

Only Representative George E. Rawson favors the measure. He voted for the sales tax proposal in 1957. Representative Arthur G. Heaney is opposed to the sales tax on principle.

## Taxpayer Group In Defense Of Sales Tax Bill

The Newton Taxpayers' Association today announced its support of Governor Furcolo's limited 3 percent sales tax bill and at the same time took sharp issue with arguments Mayor Howard Whitmore, Jr., had directed against the measure.

Executive Director Lorenz F. Muther, Jr., of the Taxpayers' Association expressed the conviction that Mayor Whitmore "is unduly worried by the tax limit feature in the Governor's sales tax proposal."

Muther also reported that at their last meeting the directors of the association voted to reaffirm their support of the limited sales tax.

"As we understand it, the Mayor's main objections to the proposed legislation are four," said Muther. "They are that the state budget should be passed first to determine the extent of the need for new revenues this year, that the required tax limit feature is an invasion of home rule, that it puts the city officials into a financial 'strait jacket,' and that the public is deceived into thinking the entire tax limit roll back will be reflected proportionately in their tax bills."

"With regard to the first proposition, we think that it has been clearly demonstrated that only a sales tax will provide sufficient funds soon enough to carry the state, whatever cuts are made in its new budget, and at the same time provide any reasonable relief to the property tax in hard hit

years of adjustment between boy and girlhood to adulthood. Regular features again include a full-page of funny cartoons depicting the happiness and hazards of life in the suburbs; the Books, Movies and Records page is crammed with good news about the popular trio.

## "Spring Shower Of Sales" Promise Big Savings In Newtonville Event

Mark the dates — April 16, 17 and 18 — on your memo pad, on your calendar, or on junior's slate.

There's a storm heading for Newtonville, and it will blow up a shower of savings on those dates at the gala "April Shower of Savings."

Now, before the outstanding merchandising event arrives, is the time to take stock of things you need for the home,

for the family, children, husband, yourself, for the garden, for the car.

The enthusiasm of Newtonville businessmen planning this huge sales carnival for the past several weeks promises to make it — to borrow a phrase from the younger set — "the most."

Final plans were whipped into shape at Monday's meeting at which Nate Lomes was chairman. Present was Justin Horan, executive secretary of the Newton Chamber of Commerce, which is solidly backing the Newtonville Retail Division.

Bernard Dokton, chairman of the advertising committee, reports an excellent spirit of co-operation from Newtonville merchants who plan a big, six-page advertising section in the Newton Graphic.

Also present at the meeting Monday were Philip Bram, Charles Fitzgerald and Al Eastman.

They advised residents of the area to get as early as possible on Thursday April 16th their copy of the Graphic. With that as a guidebook, it will

allow Thursday, Friday and Saturday to acquire the bargains the merchants promise will be on sale on every counter.

Colorful banners will designate the stores cooperating in the Newtonville shopping "Shower." Some merchants are planning special events and surprises of their own.

Chamber Secretary Horan, working with the merchants to insure success of the drive, expressed satisfaction at the united spirit of the Newtonville merchants.

Horan said the "April Show-

## All About April in the Suburbs

### "Suburbia Today" Has Gay Spring Features

We've sung the songs hailing the delights of April in Paris and Portugal; next week we'll delve into the interesting possibilities of April in Suburbia in that popular periodical "Suburbia Today" coming with your issue of this newspaper.

"The Two Faces of April" will be found interesting and highly entertaining. Authored by that gifted writer, Lewis Nichols, the article keeps pace with the changing aspects of the month, of which we are so well aware in New England.

"Suburbia Today" again breathes the spice and joy of the springtime with a gay and lively cover from the brush of Adolf Dehn.

More than a dozen features and stories, with clever illustrations provide a reading feast to which readers of this newspaper have become familiar and which they eagerly anticipate each month.

The teenagers have an article all to themselves and it will be of vital interest to adults as well. "Teen-Agers To The Rescue," comes up with a code of behavior written by teens and guaranteed to chart a safe course for them through the troublesome

## Gibbs-Melia Ballot Fight Gradually Nearing Climax

A long battle to determine whether Senator Donald L. Gibbs of Newton or John F. Melia of Brighton will serve as the Solon from the Newton-Brighton senatorial district is gradually nearing a climax and a final settlement.

Hearings were held at Newton City Hall yesterday and Monday by a special five-member Senate committee which is in the process of examining 636 disputed ballots.

The committee has been endeavoring to eliminate from the contention those ballots on which an agreement can be reached and to narrow the issue down to the ballots on

which a doubt exists. That has been a slow, tedious procedure, with the hearings slowed down by the arguments by the attorneys for the rival candidates.

Claims have been made by Attorney Joseph P. Graham, counsel for Melia that in cer-

## Literary Magazine Planned For High School Centenary

The Newton High School Literary Magazine, one of the many special projects being planned for the school's centenary year, is being prepared by students at the school.

The magazine will appear early in June and will contain creative works by the students — short stories, poems, formal and informal essays, and selected dramatic pieces or speeches. Present plans also include art work to be done by students for the publication.

The drive is on now for manuscripts which can be submitted by the student body through most of April; a selection of the best in all classes will be printed. All entries will be judged on quality and excellence in content and style.

Prize-winning manuscripts from the M. Roland Heintzelman Memorial Award, an award given to two students annually, will also be included. A former literary magazine at Newton High was discontinued in 1951. The newly-inspired booklet will be published annually.

When the magazine was first suggested, teachers and students alike rallied to its support. The faculty advisors include Miss Mary Langan, Floyd Rinker, John Harrier, John Harris, Thomas Sobol, and George Nye. Linda Rubin, a senior, was chosen executive editor because of her past experience as editor-in-chief of the "Newtonite," the school's bi-weekly newspaper.

Her staff includes Miriam

## Two Fires Blamed On Heaters

The \$35,000 blaze which damaged a drug store and office building in Newton Corner Sunday night started because something was left too near a gas space heater.

Chief Frederick A. Perkins said the space heater had been left on in the drug store, and that some object, left too close, became ignited. The flames spread to desks, cabinets and the phone booth in the rear of the store.

The flames in the Dell Pharmacy at 303 Washington St., Newton, damaged 11 offices on the second floor of the two-story building.

Fire fighters battled two other fires over the weekend. A cigarette was blamed for a fire which caused \$1500 loss and drove out six persons at 107 Pearl St., Newton. Damage of \$500 was caused at 57-A West St., Newton, by a fire blamed on a space heater.

## Newton High Drops Driver Instruction

Newton High School, where the first behind-the-wheel driver training began in the state in 1950, has proved so popular it will be dropped.

This year some 1,000 registered for a course which only can accommodate 500. Also, the state legislature passed a bill which stipulated that any driver-instructor must be paid with a regular teacher's salary.

Many of Newton's instructors were policemen who receive an hourly rate.

However, the School Department voted to keep driver training as a required course, and will prepare a list of approved training schools.

The live-talking generation has a new hero. He's Edward Byrnes, the handsome, 33-year-old who is co-starring as "Kookie" with Efrem Zimbalist, Jr. and Roger Smith on ABC's adventure series, "77 Sunset Strip." As Kookie, the hep parking lot attendant, he really talks the language of the teenage generation. "Are you on my wave length, Dad?" The language of the "Up" generation, as Kookie likes to call his young fans, is a kind of highly imaginative free verse. "I absorbed it by listening in the local coffee shops and around town," says Kookie. "I think each new generation usually finds something all its own. Live-talk gives teen-agers of today a private and personal way to communicate with one another... outside the adult world which surrounds them."

"You don't have to be a delinquent to be 'on,'" adds Byrnes, a young athlete who doesn't smoke or drink. He has an extensive record collection, both modern and semi-classical, and a hi-fi set he built. He is a sports car enthusiast and is expert in symphonies. Other hobbies include swimming and water skiing. "Man, I just got a bulb (pertinent idea)," says Kookie. "It's really wouldn't hurt for the 'squares' to dig the language. It might teach them to think creatively. For whatever else you might say about live-talk, you can put into book form in the future. You can add a great deal of pleasure to your future with a beautiful new RCA Victor Living Color TV set. We suggest that you don't buy any set until you've seen these new models demonstrated at our store."

# Headlights And Highlights From Newton High School

By JUDY ARNOLD

**HIGHLIGHTS . . .** Mary Auryansen, Robert Baker, Fred Jarrett, Brooke Kruger, Stephen Landy, Marshall Levine, Thomas Martin, Gerald Rogell, Linda Jane Rubin, Louis Shapiro, Lee Siegal, Kay Sternfeld, and Arthur Tennenbaum have received certificates of merit for reaching the finals of the 1958-1959 National Merit Scholarship Program. The awards were based on two college aptitude tests used in the competition. About six-tenths of one percent of the seniors in each state received these awards. From the more than 478,000 in the original competition, these pupils are among the 10,000 finalists.

Starting April 27 and running for three weeks will be a course in humanities that will be presented on television to five junior English classes. The lessons will be given during A Block, which is the first period each morning. A cross-section of the curricula will view the programs. If the program is successful, it will be greatly expanded.

At a recent assembly the Senior Class, several A.F.S. students spoke to the boys and girls about the merits of this plan. The assembly was directed by Steve Kaufman, chairman of the A.F.S. Fund Raising Committee. Our own exchange students, Hans Worwag and Gity Tamadon, gave short talks. Then a Japanese boy, an Argentine girl presently living in Lexington, and a French boy now staying in Wellesley talked to the students.

At another assembly, the Navy Band played several instrumentals to the delight of the junior class. This is the third appearance of this group at NHS in less than a year.

Mr. Batchelder, as Northeast Regional Director of the Department of Classroom Teachers, attended the annual convention of the American Association of School Administrators in Atlantic City. The NHS teacher is now a candidate for National Chairman of The National Education Association of Classroom Teachers. If he is elected at the June meeting in St. Louis, he will be given a leave of absence to represent the Classroom Teachers of America at conventions throughout the country for a year.

**THE OUT-DOOR TYPE . . .** On one recent week-end several members of the Outing Club journeyed to Peterborough, N.H. for a week-end of skiing and skating at Sargent Camp.

Girls' winter sports — basketball, dancing, bowling and fencing — are in full swing. ### Defends Bill-

(Continued from Page 1)

Massachusetts cities and towns.

"On the issue of the public's being deceived as to the operation of the elements in the proposed tax limit, the Association stands ready and willing to give all possible information to those who will inquire," Muther continued.

On the matter of invasion of home rule, it has long been the practice of the Commonwealth to establish controls over municipal finances. Thus cities can borrow only within certain borrowing limits and only for certain purposes, all set forth by the state. Cities and towns now must use certain state supplied figures and follow state prescribed procedures in setting the present tax rates," he said.

"It seems proper that when the state undertakes to distribute new millions of dollars for the express purpose of relieving the property tax it make some provision such as the one proposed to see that the money is actually used for that purpose.

"The argument that requiring a specific tax limit limits the cities and towns is the best," Muther continued. "But on examination that 'strait jacket' is not found to be so strait either in time or in its effect on the tax rate," Director Muther asserted.

"With respect to the tax limit's effect on the rate, four relaxing elements or cushions are available. About three-fourths of the estimated \$1.5 coming to Newton must be used for the tax limiting roll back — the balance is new income. The second and third cushions are the regular ones which the city can still use; normal increases in estimated receipts and the use of surplus.

"The fourth cushion is the effect of new valuations. Here the proposed law sets up a limit determined in part by the average valuations for 1957, '58 and '59 but applies the resulting index to the average of 1958, '59 and '60. Thus normal valuation growth is reflected in the tax limit in 1960 and in every ensuing year. For 1960, the critical year, it can be reasonably estimated that income available for spending would go up at about the usual rate of budget increases in recent years," Muther said.

"As for the 'strait jacket' in time, only for 1960 would the tax limit be fixed. For 1961 it could be changed by the aldermen or by referendum. By 1962 it could be voted out entirely. That does not seem to be too long a period in which to have a good chance to get some property tax relief in Massachusetts.

Newton has had a tax limit ordinance of its own for years, which though not providing a referendum has not operated to the city's disadvantage. The contrary is true," he stated.

"So although we can understand that the Mayor as a conscientious municipal officer is worried, we believe a reexamination of the entire situation will reveal that the financial position of both the state and city will be improved," Muther concluded.

(Continued from Page 1)

more both object to certain phases of the Governor's bill, although they are not opposed to the principle of a sales tax. Like the Mayor, Mrs. Thresher feels the sales tax should not be voted upon before the State budget is passed.

Mayor Whitmore in his testimony before the legislative taxation committee pointed out that the sales tax proposal places a ceiling on the amount of money a city or town may raise by taxes but does not limit the amount a School Committee may spend or the assessments the State, the MTA or MDC may levy upon a local community.

He said that if the law was passed in its present form and school expenditures continue to climb, residents in cities and towns "may well face a sharp curtailment of other essential services unless they want to vote to raise the imposed tax limits."

"In effect," Mayor Whitmore asserted, "this bill imposes compulsory controls by the State over spending by communities—but only in the area of city services, facilities and functions over which mayors, city managers, selectmen and city councils have supervision and control."

"No controls or limitations are placed on the spending by School Committees, which comprises a substantial part of the annual budget of every city and town. Also no controls or limitations are imposed on the assessments made by the State, its political subdivisions or instrumentalities," he said.

Whitmore told the committee that home rule would be a "myth" if the tax limits prescribed in the sales tax bill are put into effect.

"Not only will it be a myth," he said, "it will lead to complete destruction of local physical and financial plan-

headquarters, 8 Beacon St., Boston.

Actually, the committee confirmed the election of Danner by the Newton City Committee. Danner was elected to succeed to the State Committee another prominent Newton Republican, Wilfred Chagnon, former drug commissioner for the Commonwealth.

Danner is a member of the Boston law firm of Powers, Hall, Montgomery and Weston. He lives at 314 Otis St., with his wife, the former Mary Bigelow, and their two children.

Danner is a graduate of Harvard College and Boston University Law School.

He was Sergeant-At Arms at the Republican national convention of 1948, former president of the Back Bay GOP club, and has been precinct captain and chairman of Ward 3 of the Republican Committee in Newton.

Danner has been active in Community Fund and United Fund affairs, and during World War II was a Naval officer.

ning and local determination and control over services and functions.

"It will place the local taxpayers and the officials whom they elect to run local affairs in a straight jacket," Whitmore argued.

He told the committee he realized he was making strong and positive statements but added that he believed them sincerely and was making them as a result of experience and knowledge of municipal finances and operations.

The mayor indicated that a curtailment of municipal services, except for schools, might be necessary as early as next year.

"And I would say to city and town employees," he added, "that their chances for raises, no matter how well-deserved, appear slim in 1960 and possibly in subsequent years."

"In fact, raises voted this year, but effective for less than this full year—and in the case of school personnel salary increases, they are effective in many communities only in the last quarter of the year in which they are voted—have already committed their communities to an increase in personal services budgets next year. Let's hope they can be paid," the mayor stated.

In closing, Mayor Whitmore asserted that the proposed imposition of the so-called tax limits on cities and towns "is destructive to local autonomy and management of its own affairs and to the last vestiges of home rule."

He said the suggested tax limits would be unworkable, can cause "financial confusion and chaos," are "deceptive" to the taxpayers and are "unnecessary and unwise."

"If statutory limitations on spending are to be dictated by the State, then what is good for cities and towns is equally good for the State itself, its other subdivisions, instrumentalities and school committees," Whitmore continued.

"If legislation such as this is to be enacted, then the State might as well take over all cities and towns, for to all intents and purposes they will have become slaves of the State," Mayor Whitmore declared.

## Political Highlights

(Continued from Page 1)

causing even a flurry of excitement or more than brief comment in the newspapers.

What precipitated the uproar in this instance was the way the bill was pushed through the House and the fact that the five persons affected by it were ex-legislators.

A surprising aspect to the situation was that Governor Furcolo in his inaugural message back in January declared his opposition to the enactment of any further laws freezing ex-legislators in their jobs.

Notwithstanding the Governor's statement, the Democratic leaders in the House, who supposedly are responsive to his wishes, endeavored to sneak through a measure which was in direct opposition to the stand Furcolo had taken.

The explanation by the acting Republican leader in the House at the time that the reason he didn't oppose the bill was that he had been told Governor Furcolo would veto it if it was passed, not only was a lame one but smacked of political double talk.

Since when do GOP legislators let an objectionable measure slide by because they know a Democratic Governor will veto it?

Furthermore, if the Democratic leaders in the House knew the Governor would veto it, why did they endeavor to push it through when it could only embarrass him?

Those are questions which cause some observers to wonder what's going on in the House of Representatives these days.

One legislative leader who took a blunt and forthright position on the matter was Senate President John E. Powers who demonstrated the sense of civic responsibility which has characterized his public service through the years.

Powers served notice that the measure is headed for a pigeon-hole in the Senate and is likely to die a quiet death there. His stand was not an easy one to take because the members of the Legislature traditionally try to help their former colleagues even to the extent of embarrassing themselves to do it, and one of the five ex-legislators is a former Senator.

Some House members obviously were startled and stunned by the furor which followed the passage of the "freeze" bill in their legislative branch.

They pointed out that there seems to be one set of rules for former legislators and a different set for other people. They assert that there wouldn't have been the same outcry or perhaps any protest at all if the five individuals involved had not been ex-legislators.

In fairness, there seems to be some basis for their contention.

**Murphy Seen Injuring Gubernatorial Chances**

Some seasoned political observers on Beacon Hill believe Lieutenant Governor Robert F. Murphy has injured his chances of gaining the Democratic nomination for the Governorship by his all-out opposition to the sales tax bill and his forceful fights against other of Governor Furcolo's moves.

On the theory that you can't lose what you never had, Murphy has not hurt his gubernatorial prospects. However, he probably has antagonized some Democratic leaders who will be influential figures at next year's Democratic State Convention, although it is a bit doubtful that he would have been able to enlist their support under any circumstances.

What is most important in Murphy's case is that he has cast his political die and made his big move but has not succeeded in projecting himself into the forefront as a leading Democratic candidate for Governor.

That presumably is what the political experts really mean when they express the opinion that the Lieutenant Governor has damaged his prospects for 1960.

Lieutenant Governor Murphy, who is a fairly astute politician, undoubtedly realized that he had to take a long gamble in order to inject himself into the gubernatorial picture. The gamble, so far at least, hasn't worked.

A danger from Murphy's standpoint is that he may carry his fight within the Democratic party so far that he will impair his chances of gaining renomination for Lieutenant Governor. He could wind up by finding practically all doors closed to him.

Those Democrats who disagree with some of Governor Furcolo's ideas but who recognize the need for maintaining party harmony have been looking askance at Murphy for the past several weeks.

Murphy, while he may not have intended to do so, has aligned himself with the ADA in his fight against the sales tax.

While he might get the support of many of the ADA delegates to the 1960 Democratic convention, he could well discover, in the event he loses his battle for the place at the top of the Democratic State ticket, that they are committed to someone else for Lieutenant Governor.

Lieutenant Governor Murphy has been advancing into deep political waters. He could eventually find himself in over his head.

**Poor Strategy Behind Defeat of Gas Tax Bill**

The overwhelming defeat in the House of Representatives of the bill calling for a 1-cent increase in the State gasoline tax caused some Beacon Hill observers to conclude that the sales tax is doomed.

That is not necessarily the case, although such a development certainly didn't brighten the prospects for the passage of the measure.

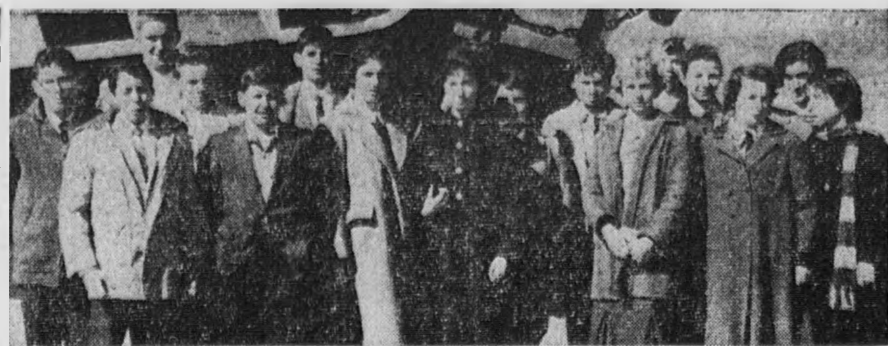

The one-sided rejection of the proposed gas tax hike reflected two things:

1. That the present Legislature is much more tax-conscious than many Beacon Hill outlookers realize.

2. That the Democratic leadership in the House committed an obvious blunder in allowing the matter to go to a showdown when it didn't have enough votes to make a respectable showing, much less accomplish the passage of the bill.

Seasoned observers, who sensed the strong sentiment against the measure, blinked with surprise when Speaker John F. Thompson recessed the House until an evening session and then walked head-on into a resounding defeat.

Ordinarily, a Speaker who was trying to save a bill would have adjourned the House over the weekend, instead of recess-

## Newton Women Attend State House Session

A group of 21 Newton women, all members of the Newton League of Women Voters, recently spent a day at the State House, where they observed the General Court in session, attended hearings and toured the State House.

In the State House archives, the visitors saw the original document incorporating "New Cambridge," as Newton was then known, in the 17th century, and many other historical documents.

During lunch, the group, led by Mrs. Arnold Mork, legislative chairman of the Newton League, met with Newton's legislators and discussed current legislation in which they are interested. While seated in the galleries of both the House of Representatives and the Senate, the ladies were introduced by the Speaker of the House and the President of the Senate, as guests of the Newton legislators.

Making the tour with Mrs. Mork were the following: Mrs. Harold Stein, Mrs. Isidor Slotnik, Mrs. Harold Isaacs, Mrs. Bertram Jacobs, Mrs. I. Zallen, Mrs. Morris Goldman, Mrs. M. Fee, Mrs. Saul Hirschberg, Mrs. F. Gans, Mrs. Charles Gutman, Mrs. S. Sheingold, Mrs. George Kurland, Mrs. Milton Homolsky, Mrs. Lester Radlo, Mrs. Robert Goldstein, Mrs. I. G. Sigelman, Mrs. Maurice Strauss, Mrs. Leopold Beckwith, Mrs. John Schulman and Mrs. J. Ernest Smith.

## Moscow Ballet Film To Show Here Saturday

"The Bolshoi Ballet," highly rated film presentation of the famed Moscow ballet group, will have a special one day showing at the Newton Theatre in West Newton on Saturday, April 4. There will be matinee and evening performances.

Recognized by critics throughout the world as a hallmark by which all other ballet groups must be judged, the Bolshoi Ballet's performance in London has been recorded on Eastman color film and in wide-screen just as performed at the Covent Garden for Her Majesty Queen Elizabeth II.

"The Bolshoi Ballet" film is unique. It brings to the screen in a manner that has never been attempted before the breath-taking accomplishments of one of the greatest companies in the world.

Among the featured stars is Galina Ulanova, who dances the full-length classic "Giselle." There are excerpts from Bolshoi Ballet's production of "The Fountain of Balchichisara," "Swan Lake," "Ivan Susanin," and "Faust," as well as the divertissements "Spring Water," with music by Rachmaninoff.

ing until an evening session, and thus given the Governor's agents an opportunity to line up balking Democrats.

Thompson may have realized it would be a futile maneuver. The Governor's agents haven't accomplished much of anything with the Legislature for the past two months so there wasn't any reason to assume they would have been able to do much over a weekend.

But the Speaker could have held back the bill until it had a better chance of adoption. It needn't have been voted on at all last week.

This was not Governor Furcolo's bill. The Governor's recommendation for a 1-2 cent boost in the gas bill is still before committee. But he obviously desired to see the measure enacted.

Whatever the reason may be, Governor Furcolo's relationship with the Legislature has deteriorated to the point where it is now as bad as it was in the darkest days of 1957.

During the first quarter of the year the Legislature enacted only one bill of major importance. That was the State income tax withholding law.

The influence which Governor Furcolo's administration obviously had with the Legislature at that time has steadily declined since then.

## Exhibit Of Work Done By Adult Students

The Newton High School Centennial Program, called "A Tribute to the Arts," reaches a climax tonight (Thursday) when the Adult evening classes hold an exhibit in the gymnasium.

The adult students invite their friends and neighbors to attend the exhibit. The courses include handicrafts, business training, general education, civic instruction, trade extension and college level subjects.

The evening school, founded in 1871, has grown from a beginning of two courses with 90 students to an enrollment of 2700 adults attending 53 courses in 127 classes located in 11 training centers throughout Newton.

Among the distinguished visitors to the High School Centennial, which started Monday, is C. H. Steinberger, director of guidance service at the Edwin O. Smith School, Univ. of Connecticut.

He formerly was a member of the Newton High School faculty, and the Boston University Faculty. He will participate in tonight's program on art entitled "Why art," featuring works of well-known artists and highlighted by a discussion on art by both professionals and students.

## Little League Auxiliary

The Women's Auxiliary of the Newton West Little League today announced the following officers for the 1959 season:

President—Mrs. George Huberman; Vice-president, Mrs. Robert Brennan; Secretary, Mrs. George Paul; Treasurer, Mrs. Charles Higgins Jr.; Finance Committee Chairman, Mrs. A. G. Asaff.

## Colleges Up Bldg. Value Of Permits

Newton was pushed into third place in the value of building permits issued during February in the Commonwealth.

The City Building Department issued 24 permits for a total outlay of \$1,498,290. These included the Boston College School of Nursing at \$850,000 and a dormitory for the Newton College of the Sacred Heart, \$600,000.

## Near East To Be Discussed

The first of two meetings dealing with "Relationships of the Near East" will be held at the First Baptist Church, Newton Centre, on April 5 beginning with a family supper at 5:30. Guests unable to come to the supper are cordially invited to come at 6:15 for the program.

Dr. Harrell F. Beck, associate professor of Old Testament at the Boston University School of Theology, will address the adult and high school age groups, describing the problems and tensions in the Near East and their historical background.

Dr. Beck completed his undergraduate work at Nebraska Wesleyan, and received his S.T.B. and Ph.D. degrees at Boston University. A versatile scholar and linguist, he is as much at home in Cairo, Egypt—where he spent eight years at the American University—as he is in Boston, where he not only teaches but also has served as interim pastor at the Mt. Vernon Congregational Church.

The younger church groups, meeting simultaneously with the adults, will be led by Dr. and Mrs. John H. Scammon, Mr. and Mrs. David Weaver, Mrs. Newton A. Merritt, Miss Louise Duddy and Mr. John Froyd. Miss Clara Boone and Mrs. John Froyd will be at the nursery to welcome the small children.

## Biggest Thrill

Sixteen children of the Hills and Falls Nursery in Newton Lower Falls will remember for a long time the thrill of clambering on the old pumper truck, ring the alarm and slide down the pole during a visit to the Newton Fire Station, at Watertown and Crafts Sts.

The following mothers also made the inspection: Mrs. Richard W. Homer, Mrs. Donald E. Furber and Mrs. Thomas L. Johnson.

Brewer, chairman of the library trustees and chairman of the "Week" here. In photo with Mayor Whitmore are A. William Kunkel, librarian, and Mrs. Brewer.

## "Library Week" Opens Monday

Reception And Exhibits Are Features

"Library Week" will be launched in Newton next Monday with a reception and open house at the main library on Center street. The slogan "Wake Up And Read" will be seen city-wide on attractive posters.

Throughout the city, store windows have blossomed forth with eye-appealing displays in commemoration of National Library Week.

The Newton Rotary Club took cognizance of the "Week" at its regular meeting on Monday when the guest speaker

was Librarian A. William Kunkel. He discussed the importance of libraries, of reading and the use of libraries by children, teen-agers and adults.

Mrs. George F. Brewer, chairman of the observance here, expressed enthusiasm and appreciation for the splen-

did co-operation of local businessmen in donating window space for the "Library Week" exhibits.

She announced that displays have been arranged in

## GOP Fakery on Sales Tax May Hurt Party Next Year

So far there has been a surprising amount of sham, subterfuge, hypocrisy and sheer political fakery in the attitude of some Republican legislators toward Governor Furcolo's limited 3 percent sales tax bill.

One GOP House member who for years was the staunchest and most outspoken advocate for a sales tax in the entire Legislature appeared at the

recent hearings to oppose the Governor's measure.

## Newton Co-Chairmen Warn There's No Maximum Goal In 1959 Fund Collection

### \$46,000 Goal Set For Cancer Drive Is Minimum Tally

Newton's goal in the Cancer drive this month is \$46,000 "but this is a minimum goal—there is no maximum," it was announced today by Co-chairman E. Tyler Parkhurst.

Nationally, the American Cancer Society for the first time in history, will adopt a "goal unlimited," it was stressed by Parkhurst, who with Police Chief Philip Purcell is in charge of the drive.

"The public must face the fact of the emergency nature of the cancer problem so that it can accept full responsibility

of supplying the resources needed to deal with it," Parkhurst said.

"You can't fix a dollar ceiling on the lives of some 450,000 men, women and children who develop cancer each year, or the 225,000 who each year die of the disease."

The drive will reach a climax on Tuesday night, April 28th, by a door-to-door collection, and the rallying cry this year is "Guard your

# MTA Officials Weigh Extra Fare Charge On Highland Branch Line

## May Introduce Zone Fare System On Riverside Run

It may cost 25 or 30 cents to ride from Riverside to the Park street station when the MTA's new Highland Branch line starts operations in July.

The possibility of charging an extra fare on the Highland Branch is now being studied by the MTA trustees.

No final decision on the matter yet has been reached, but MTA authorities hint that an extra 5 or 10 cents may be collected in addition to the regular 20-cent fare. Otherwise, it is felt, the Highland Branch of the MTA may become a losing proposition which would add to the road's already mountainous deficit.

The ride from Riverside to the Park street station, covering a distance of approximately 12 miles, will be the longest trip possible to the center of the MTA system.

At the time the MTA purchased the Highland Branch from the Boston & Albany railroad, Mayor Howard Whitmore, Jr., predicted that patronage of the proposed new line would not be great enough to make it self-supporting.

That apparently is one of the factors being considered by the MTA trustees as they weigh the possibility of charging more than 20 cents for carrying a passenger

## Boys Take Over City Hall For Nat. Boys Week

Newton's observance of National Boys' Club Week reached a climax Tuesday when Mayor Howard Whitmore Jr., and city fathers turned over the reins to members of the Newton Boys Club.

The boyish officials were under the supervision of Chairman Adelaide Ball of the Club's Board of Directors, and Mrs. J. Polier, a member of the Mothers' Club. Young Nicholas Lupu essayed the role of "His Honor" for the period.

The full day's activities were topped by a Newton Police Sharpshooting Exposition in the Club gymnasium Tuesday night.

On Monday the various club tournaments got under way, and the semi-finals were held yesterday. These consisted of ping pong, checkers, billiards and chess competition.

## Eight Newton Teachers Resign

Resignation of eight teachers was accepted at a recent meeting of the Newton School Committee.

The committee also confirmed appointments of Samuel N. Gordon as laboratory assistant at the Newton High School, and junior building custodians Daniel Sea and Carl W. Mosher.

Resigning teachers are: Patricia C. Bingham, Sandra L. Bresnick, Halcyn C. Carroll, George V. Doren, Philip Fischer, Eleanor Lester, Martha S. Marsh and Vivian Nelson. James W. Miller was granted one year academic leave of absence and Rose Neufeld was transferred to a higher training level, effective Sept. 1.

## Judges For Essay Contest Named; Deadline Tomorrow

Judges for the city-wide non-partisan essay contest for school children sponsored by the Newton Democratic City Committee were announced last night. They are: Harold Howe II, principal of Newton High School; Judge Cornelius J. Moynahan, of the Boston College Law School faculty, and Mrs. Isadore Slotnick, president of the Newton League of Women Voters.

Contestants are reminded that their entries must be postmarked not later than midnight tomorrow, April 10.

## Steal Contact Lenses And 2 Exhaust Pipes

Some strange thefts are entered on police blotters.

Mrs. Anita Winer reported theft of contact lenses valued at \$300 and a wallet containing \$31 from her home at 84 Evelyn road, Waban.

And apparently the same thief stole two exhaust pipes from a car parked near the same address. An \$80 overcoat also was taken from the car.

## Doris Getter New Library Trustee

Members of the Board of Aldermen at their meeting on Monday night confirmed the appointment by Mayor Howard Whitmore, Jr., of Mrs. Doris T. Getter of 1 Cobb place, Waban, to serve as a member of the Board of Trustees of the Newton Public Library.

## Whacking Marble Is Help To His Temper Physician-Sculptor Finds Inspirations Among Own Family

His interest in plastic surgery has led a Newton physician to recreate the human form in prize-winning sculpture.

Dr. Nathan L. Fineberg, of 51 Homer street, Newton, clinical professor of otolaryngology at Boston University School of Medicine, points out the common "association regarding form, structure and beauty" in both his vocation and avocation. Whacking the marble helps his temper, he asserts.

His "Looking Up," a pre-Sputnik study of a figure gazing at the sky carved from South American cocobola

wood, is one of his prize-winning pieces.

## April, A Two-Faced Month?

### "Suburbia Today" Carries Debate

"Suburbia Today," popular magazine out today with this newspaper, fearlessly enters the field of controversy with an active debate on — "What Is This Thing Called April?"

Lewis Nichols, a confirmed pessimist, and distinguished contributor to the New York Times, says that April is a rain-sodden, roof-mending, rock-moving, rest-resistant month.

Nichols takes a dim view of everything from the habits of teen-age students to bird watching.

The poets, however, do not see eye-to-eye with Nichols' opinions. April is joy, and love, and growth, renewal and the promise of the blazing beauty time ahead, they pipe up.

Poets sigh and smile. Mr. Nichols sighs and scowls. Are their viewpoints irreconcilable? Readers will enjoy reading about and seeing this debate unfold in "The Two Faces of April."

What else is April in Suburbia? Congresswoman Florence P. Dwyer has an infor-

active article, "Commuters Deserve a Tax Break." "Carfare" is the cost of doing business and should be deductible, says this lawmaker.

The magazine offers a feature on summer furniture — SUBURBIA —

## Salute To Art Climaxes 100th Observance of NHS

Presentation of Henry Purcell's "Dido and Aeneas" Saturday night climaxed the "Tribute to the Arts" portion of Newton High School's centennial observance.

Maxine Cohen played "Dido" and Stephen Berman played "Aeneas" with an all-student cast, student orchestra, singers and dancers.

William B. Spink was chairman of the faculty arts and festival committee which arranged the week-long program, starting with a presentation of Mendelssohn's "Elijah" on Monday.

Tuesday there was a discussion of "Arts in the Classroom"; on Wednesday the program combined poetry,

## Ye Olde Lamp Of Long Ago

Just a small touch of the Gay '90's will remain in one section of Newton.

The Newton Board of Aldermen has denied a petition by Harold J. Prescott to replace with new lighting the old gas street lights in front of his home at 63 Lake street, Newton Centre, and near 53 Lake street.

The Board was told most of the residents in the area wish to retain the old-style gas lights.

## Probe Big Holdup Of Mortician

Painstaking police investigation was underway this week by Newton sleuths in a hunt for some clue to the identity of two gunmen who posed as mourners and robbed a Newtonville funeral director just before midnight, Saturday.

The thugs got between \$12,000 and \$15,000 in bills of various denominations, and between \$10,000 and \$11,000 in checks. One check for \$500, had been endorsed.

Victim of the robbery was Joseph G. Valente of 697, Washington street. He was left bound and gagged with a handkerchief on the office floor after the gunmen rifled the safe and took \$40 from his wallet.

They also took two pistols Valente kept in the safe. One was a .38 calibre and the other a .32 calibre snub-nosed revolver.

Police said it will take at least a week to get an exact estimate of the cash and checks which were stolen. Valente is making a thorough check of his records to determine sums paid for various funerals, and banks also will be checked.

Meanwhile, Valente furnished police with as thorough a description of the thugs, who were not masked, as his memory could provide. He also pored over rogue's gallery pictures.

## "Bargains" Waiting At Big Sale

That big storm of savings headed for the Newton area is just a week away, and concentrates in the "April Shower of Savings" in Newtonville.

The dates for this outstanding merchandising event are April 16, 17 and 18—next Thursday, Friday and Saturday.

Enthusiastic Newtonville businessmen, who have long and carefully mapped plans for this event, now are getting their stock ready.

They've spent countless hours and energy in making their preparations. And in this spirit of cooperation to benefit the Newton buyers, they're filling six pages crammed with advertising bargains for next week's Newton Graphic.

Winter is over and the children are shedding their heavy and warm garments. Now is the time to lay in the supply of the in-between garments for wear before the warm summer weather comes.

And summer—they'll need slacks and shoes and shirts

## Newton TB And Health Assoc. Board Meeting

The executive board of the Newton Tuberculosis and Health Association met last night with several important items on the agenda.

The slate of the nominating committee, Kenneth Pryor, chairman, was submitted; the proposed budget of the finance committee was presented by Kenneth Rogers, chairman, and recommendations for changes in the by-laws were given by J. Ellis Bowen, chairman.

It was announced that the annual meeting to be held on April 15 at the Centenary Church, Auburndale, will be open to the public. Meeting will be held from 2:30 to 4:30 o'clock.

## Newton Savings Bank Names F. C. Ober As New President

Frederick C. Ober was elected president of the Newton Savings Bank, the 10th largest mutual savings bank in Massachusetts, at the regular quarterly meeting of the trustees of the bank held on April 7. He thus becomes the 10th president of the 130-year-old thrift institution founded March 3, 1829. Mr. Ober, a native of Springfield, recently resigned as president of the Fitchburg Savings Bank, a position he has held since 1933. He will assume his new duties on May 1.

The new president was unanimously recommended to the trustees by a committee consisting of Walter R. Amesbury, chairman, Douglass B. Francis, L. Sumner Pruyne, Earl P. Stevenson, and William H. Rice, present chairman of the board of trustees, is also resigning as of April 30th when he will conclude 50 years of service with the two banks.

After graduating from Classical High School in Springfield in 1927, Mr. Ober entered Harvard College, graduating from there in 1932. He also attended two terms in the Graduate School of Banking at Rutgers University, completing the Savings Management Course in 1947 and the investment course in 1953.

He worked for three years in the home office of the Massachusetts Mutual Life Insurance Company in Springfield and in 1935 went from there to the Springfield Five Cents Savings Bank real estate department. In 1938 he was placed in charge of the department and elected assistant treasurer. He stayed there until 1948 when he was elected executive vice president of the Fitchburg Savings Bank. In 1949 he was given the additional title of treasurer.

Mr. Ober has been and still is on numerous state and national savings bank association committees and only recently spoke in New York before the 12th annual mid-year meeting of the National Association of Mutual Savings Banks. He has been active and prominent in many charitable

FREDERICK C. OBER

and civic organizations and endeavors in his area.

He has been director and past chapter chairman of the Fitchburg Chapter American Red Cross, director of Mental Health Association of North Central Massachusetts, director and treasurer of the United Fund of Greater Fitchburg, vestryman and junior warden of Christ Episcopal Church, Fitchburg, member of the finance committee, Town of Lunenburg, director and past treasurer of the Fitchburg Chamber of Commerce.

Mr. Ober, presently living in Lunenburg, is planning to locate in this area, probably in one of the three communities now being directly served by offices of the bank in Newton, Wellesley and Needham. His wife is the former Dorothy Fenner. They have three children: Peter, a sophomore at Harvard; Pamela, a freshman at Smith, and Faith, now attending Lunenburg grade school.

## Honored Among Brandeis Fellows

Four prominent Newton men were among eight Greater Boston businessmen and communal leaders who were named last week as Fellows of Brandeis University.

They are: Abram Berkowitz of 38 Hobart Rd., Newton Centre, member of the Board of Governors of Hebrew Union College; Robert P. Cable of 117 Hammond St., Chestnut Hill, member of Board of Directors of Beth Israel Hospital; Harry Marks of 25 Nancy Rd., Newton, active participant in national and local philanthropic causes, and Louis Zimble of 93 Monadnock Rd., Newton, industrialist and patron of education and research.

## \$500 Scholarships Planned For High School Graduates

A scholarship fund to total \$10,000, to which Newton residents may contribute by a \$50 gift annually, is the goal of the Newton Citizens' Scholarship Foundation founded this year. A \$500 scholarship will be awarded to a local high school graduate.

Sherwood J. Tarlow, of 432 Chestnut Street, is trustee of the foundation with Marshall Sloane, of 29 Prentice Road, and Lawrence Cooke, of 43 Walker Street.

The purpose of the foundation trust is to create and maintain a fund using and applying the whole, or any part exclusively, for educational purposes.

Specifically, it will provide scholarship grants to residents of Newton who graduate from the Newton public or parochial high school. A \$500 scholarship will be awarded. It is intended to aid those students in the middle level of the graduating class who are worthy of aid in furthering their education.

Requirements set up by the foundation are as follows:

1. Needy students who are good candidates for higher education would qualify.
2. The recipients of the annual awards must attend an accredited college or university, taking a 4-year course leading to a degree in the arts or sciences.
3. Qualities of good character and personality would be considered, as evidenced by their actions while attending the local public or parochial high schools.

School authorities would nominate a number of students to be considered by a committee would select scholarship foundation. The committee would elect qualified recipients at an annual meeting.

Newton residents can support this foundation by a \$50 gift annually.

## Missionary Speaker

The monthly meeting of the men of the Second Church of Newton, West Newton, at 9 a.m. Sunday will be addressed by Dr. Hale Cook, missionary doctor to India, now on furlough. Roland Macdonald is chairman of the meeting.

music and the dance; Thursday a panel discussion of "Why Art in Education" and Friday night a scene was given from Maxwell Anderson's "Winterset."

A symposium on the future of secondary school education was held Friday. Among those participating were McGeorge Bundy, dean of the faculty of arts and sciences at Harvard, Dr. Max Lerner, of Brandeis University and Harold Howe II, Principal of Newton High the moderator.

## Doctor-Artist-

(Continued from Page 1)

Three years ago one of his works was accepted by the Boston Arts Festival, and a relief plaque of a physician with the tools of his profession won an award in 1947.

Dr. Fineberg finds much of his inspiration around the house, and many of his ideas come from catching the activities of his family. A model of a cellist in pink marble, for example, is based on observations of Mrs. Fineberg and daughter, Debbie, who both play the instrument, and famed cellist Pablo Casals.

Working from a picture or sketch, Dr. Fineberg creates a small plasticine model before he begins to chisel the form in marble or wood.

Both Dr. Fineberg and Mrs. Fineberg are graduates of Boston University School of Medicine. Mrs. Fineberg, known professionally as Dr. Bertha Offenbach, is an ophthalmologist, and a member of the Class of 1943. Her husband who graduated in 1930, is a past president of the school's Alumni Association.

Edward, son of the couple and a senior at Newton High School, was the model for a study of a French-horn player. The doctor's current work is a study of a dancer and is based on the activities of another daughter, Maxine, a high school sophomore.

Each creation of the Newton sculptor takes from six months to a year to create. Most of the work is done at the Fineberg's summer home in Gloucester, where Dr. Fineberg is associated with the artists' colony. He has taken part in the annual Gloucester art exhibit for several years.

His first attempt to work with wood brought him instant honors. A portrait of his father carved in applewood was printed in the magazine Spectrum, and was one of four pieces selected to appear in the Journal of American Medical Association.

A graduate of Harvard College, Dr. Fineberg is a surgeon at the Massachusetts Memorial Hospital and a consultant at the New England Hospital. He is a member of the Academy of Otolaryngology, the Academy of Ophthalmology, the American College of Surgeons, the Society for Plastic Surgery, the American Medical Association, the Massachusetts Medical Society and the American Rhinologic Association.

## Zone System-

(Continued from Page 1)

from Riverside into downtown Boston.

If a 25 or 30-cent fare is introduced on the Highland Branch, it probably would be the first step toward the installation of a zone fare arrangement on the entire MTA system.

At the present time it costs the same 20-cent fare to ride from Park to Boylston street on the rapid transit station as it does to journey from East Boston to Arlington.

Newton officials have adopted a wait-and-see attitude and indicated today they would withhold comment on the matter until they have more definite information as to exactly what the MTA trustees propose to do.

Public leaders in the city were almost unanimous in battling the move by the MTA to take over the Highland Branch of the B & A, the route over which the rapid transit service will be operated between Riverside and downtown Boston.

## Boys Week-

(Continued from Page 1)

Open house is slated for tonight (Thursday) and the Mothers' Club will serve refreshments. Newton teachers, city officials and businessmen will visit the club and view the finals in the games tournaments and the full scale craft program.

There will be general open house tomorrow and the evening has been set aside for parents of the youngsters.

Saturday the Boys' Club members will tour Bedford Airport and the Lexington Recreation Center. Sunday the boys will attend their own churches, and at 10 a.m. during the Communion Breakfast, the speaker will be Safety Officer Charles Feeley.

## Mid-Term Graduate At Michigan State

Robert V. Pettys, son of Mrs. Sylvia Church Stowell of 19 Elmwood park, Newtonville, was one of the recent winter term graduates at Michigan State University in East Lansing, Mich. He received the M. A. degree in guidance and counseling.

## Discusses Scott

The works of Sir Walter Scott will be discussed by R. Lawrence Capon of 17 Duffield road, Auburndale, April 30 at 8 p.m. over WERS-FM, Boston. Capon, Associate Professor of English at Northeastern University, will talk on the works of Thomas Hardy on May 28.

## Brandeis Students To Perform At WSA Sheraton Plaza Luncheon

Mrs. Gilbert U. Isgur of Newton, president of the Women's Scholarship Association, announces that Brandeis University will present a performing arts festival at the annual luncheon April 15 at the Sheraton Plaza Hotel.

Students in Brandeis' Creative Arts Department will present a three part program, including an original ballet, a group of madrigal songs, and chamber music by Saint Saens. The production is under the direction of Robert Lincoln Koff, Director of Performing Activities in Music at Brandeis.

Nearly 1000 guests are expected to attend the luncheon, the only major fund-raising activity of Women's Scholarship Association which in its 52 years of growth has established endowment funds at Brandeis, Radcliffe, Simmons, Boston University, Hebrew Teachers College, and the Hebrew University in Israel.

Program Chairman Mrs. Robert Fillurin of South Brookline said the theme of the day will be Parisian.

Decorations, the country fair, the cake sale, and many other aspects of the luncheon will be French.

Proceeds from the luncheon are expected to send scores of Greater Boston girls to college, both as undergraduate and graduate students next fall.

# Headlights And Highlights From Newton High School

By JUDY ARNOLD

**HIGHLIGHTS** . . . Nancy Mahoney, Liz Lubell, Dan Kinsky, and Barbara Fleischer discussed the origin and program of the Arts Festival on radio station WORL recently. Appearing on WHDH-TV were Julie Bergmark, Dan Krinsky, Barbara Fleischer, and Nancy Mahoney. These pupils explained the purpose and program of the Arts Festival on the Chris Evans Show.

The United Nations last month sponsored a contest. The top two scorers at Newton High were Marie Thurber and Ralph Garrell. Their papers are now being considered by judges at New York for the national competition.

All Newton students are eligible to enter an essay contest on "The Role of the Citizen in a Democracy". The first prize is a trip to Washington, D.C.

The automatic dishwasher is now in operation in the cafeteria. This new system speeds up the routine in the cafeteria and all students are expected to comply with the set of rules received earlier this year.

A Newton Youth Advisory Committee headed by Assistant Principal A. Raymond Rogers is the result of more and more problems of Juvenile Delinquency in Newton. The Newton Community Council is sponsoring the Committee proposed by John Powers, assistant district attorney for Middlesex County. The needs and problems of Newton's youth will be investigated and help from the citizens of Newton is urged. The results of the inquiries will probably be published.

Plans are continuing for next year's house plan system. Most of the schools that were on Newton High's teachers' visiting lists have been viewed in inspected already. The reports are now being evaluated and related to possible plans for our high school. The schools visited have been large ones like Newton High.

**THE OUTDOOR TYPE** . . . Newton's shooting team is headed by Karin Franseen who has 180.03 points out of a possible 200. Pet Hunt and Fran Hunt place a near second and third. Fourth and fifth are Bob Shriberg and Phil Phillips. This team competes with other high schools in the Middlesex County League.

**JOTS AND DASHES** . . . Something new for Newton's Centenary Year is the student-published Literary Magazine. The written efforts of Newton students will be included in this publication. This is the first time a project like this has been undertaken since 1901. Tusiatta and the English club are assisting in the production of the magazine, also, Linda Rubin has been selected as the executive editor, and Miriam Milner as her assistant. The literary editor is Tom Martin; his helper is Diana Lees. Barbara Adolph and John McClintock are co-promotion editors.

Students in any curricula are urged to enter original works that are outstanding in quality. All material will be considered by the editors. An Art staff headed by Carol Oppen and her assistant, Louisa Schell, will enable art

work to be a major part of the publication. Finances are being handled by a business staff, of which Kay Sternfeld is the head, assisted by Liz Pike.

All entries in the Heintzelman competition will be automatically considered for publication in the magazine. Each year a junior and a senior student are awarded the M. Roland Heintzelman Memorial Awards for exhibiting continued skill in reading or writing and also entering a special piece of his finest work. The main purpose of the magazine is to give talented students an opportunity to create a piece

of work for publication. The manuscripts for the Heintzelman contest are due by April 18. The Literary Magazine will be published on June 4.

**THE GREAT BIG WONDERFUL WHIRL** . . . New co-chairmen of the Tigerama Committee are Maureen Kenney and Arnie Zaff. This is the first year that there have been two chairmen. The students will be in charge of next year's Tigerama and the Tigerama that is scheduled for this May.

This May Newton's A Cappella Choir will sing three or four choruses from "Elljah" as part of an Ode to Virginian Voyage. The difference in this situation is that the singing will be in conjunction with Wellesley High's Glee Club. However, there will probably be no music night this year because of the complicated Arts Festival schedule.

**COLLEGE-WISE** . . . A representative from Emory College recently visited Newton High. Burdett College held an open house for girls interested in attending that school. Newton students were invited to an all-day symposium at Northeastern University. The subject was "The Conquest of Space".

The alumnae of Newton Junior College are holding an open house next Sunday from 3-5 p.m. for all prospective students and their parents.

The fall of 1959 will see Steve Goldman at Dean College in Franklin, Mass. Mimi Shaw and Marilyn Saltz will remain near home by attending Lesley College in Cambridge. One of Vermont College's new students will be Bunny Pludo.

Last week senior and junior girls were invited to attend a panel discussion on "What

Last year volunteers in one night in Massachusetts raised \$753,000. In Newton, \$43,474 was contributed—almost \$1,000 above the goal.

Chief Purcell estimated that approximately 2,000 volunteers will distribute informational material stressing regular

health checkups as the best protection against death from the disease.

"Our Crusaders will be ringing doorbells to give as well as ask," the Chief explained.

"The nation-wide results demonstrate once more what can be accomplished when neighbors get together to tackle a community problem. For cancer is a community problem since statistically it strikes two out of three homes. That is why our volunteers will be just as busy distributing free life-saving information as collecting funds."

Eight senior girls at Newton High volunteered to Chairmen Purcell and Parkhurst for the night of April 28. These Crusaderettes will be on hand with family cars to pick up money and distribute extra kits and pamphlets.

## Gigantic Sale-

(Continued from Page 1)

and socks and a dozen and one things kids put on and seem to shrink off.

The Newtonville merchants know and anticipate the articles the average family needs — they know, they need them themselves.

Chamber of Commerce executive secretary Justin Horan has worked closely with the participating merchants, to help assure one of the most successful sales in Newtonville history.

He has expressed satisfaction at the wholehearted cooperation of all concerned in this gala venture.

Sale Directors Nate Lomes and Bernie Dokton assert that the "April Shower of Sales" idea has struck a responsive chord among local businessmen, and among local shoppers.

They feel that sharp-eyed mothers, long familiar with bargains when they see one, will recognize the opportunity to fill family needs at a time when their dollars buy more in the loaded Newtonville shop show cases.

Colorful banners will designate the stores cooperating in this bonanza of values. Some merchants are planning special events and individual surprises of their own.

It wouldn't do to tell what these are, or they wouldn't be a surprise.

But this much can be said — wholesalers and suppliers have been contacted. And every effort has been made to insure the finest merchandise at the most reasonable prices.

## Famed Lecturer At And.-Newton

The famed Hewett lectures at Andover Newton Theological School, Newton Centre, are being delivered this week to clergy and laity from all parts of New England by one of the world's leading theologians.

The lecturer is the Rev. Dr. Thomas F. Torrance, who was born in West China of missionary parents. He is widely known as professor of Christian Dogmatics at New College, Edinburgh, Scotland.

Tomorrow he gives the final lecture on "Theological and Scientific Procedure."

During late March and early April, Andover Newton sponsored a Christian Education Workshop for clergy and religious directors for the purpose of unhurried discussion on the theme "The Church as the Nurturing Community."

The entire program was sponsored by the school, one of the oldest Protestant seminaries in America, and was supervised by Dr. Wesner Falow, Howard Professor of Religious Education, and Dr. J. Leslie Dunstan, professor of missions and comparative religion.

## Explain To PTA Why Driver Education Course Trimmed

The background of the decision to drop behind-the-wheel training of the driver education program at Newton High School was explained to the executive board of the Newton PTA Council at its April 2nd meeting.

School Supt. Eric Dennard and School Committee Chairman Haskell Freedman explained the background to the meeting, which was attended by PTA presidents, other school committeemen and administrators from the school department.

The School Committee voted to restrict driving instruction to 30 hours of classroom lectures. A lengthy report had been submitted by the School Department on the subject at the March 9 meeting of the committee.

Mr. Dennard and Mr. Freedman were agreed on the need to establish priorities in education, and Mr. Dennard pointed out that the debate was nationwide whether driver education should be an important part of public school education today when there is an almost unprecedented concern in the acquisition of knowledge and when costs of education are steadily rising.

Other business on the agenda before the PTA Council included a discussion by Arthur Laughland, head teacher at the Hyde School, of the methods used to prepare the report on Elementary School Homework. This report has been summarized in booklet form by Bernard Everett, director of instruction, and has been sent to each PTA president.

Everett said assignment of homework in the 4th, 5th and 6th grades has been a recognized policy in elementary schools, but that often parents have failed to recognize homework as such unless it was routine drill.

A letter from Dr. Harry T. Phillips, director of health for the city of Newton, was read apropos of a recent food poisoning incident stating that he would be pleased to consult with anyone undertaking large group meals.

## The Cancer Crusade

It would be difficult to think of any investment which has paid greater dividends than the dollars which have been donated to the American Cancer Society.

Cancer is still a dread disease. The mere mention of the word is enough to stab into the hearts of those whose loved ones are afflicted by it.

Men and women work unceasingly in medical research laboratories in quest of the answers which could save the thousands of lives claimed each year by cancer.

There is reason to believe they may be on the verge of breaking through the barriers which stand between them and the solutions they are seeking.

Fearful as cancer may be today, tremendous strides have been made in combatting it even during the past 10 years.

One person in each three stricken by cancer under existing medical conditions is saved—saved by medical knowledge achieved through research made possible by the dollars donated by persons such as you.

It is possible that in the years just ahead medical science may find the answers to cancer just as it has found the answers to polio, tuberculosis and other dread diseases.

If such a thing is achieved it can happen only by the most extensive research—research financed by the American Cancer Society.

That is why it is so important that each of us give whatever we can spare to the present cancer crusade. You can join in the fight against cancer by making a donation when the volunteer worker for the Cancer Crusade calls at your home.

Or you can mail your check to Cancer, care of your local postoffice, as suggested in the advertisements sponsored by civic-minded and public-spirited merchants and businessmen.

The unending war against cancer is everyone's war. Let your dollars help fight it. It might prove the best investment you have ever made.

## Political Highlights

(Continued from Page 1)

He was the same legislator who voted against the sales tax proposal in 1957 and then in 1958 himself filed the identical bill, presumably for the purpose of voting against it a second time.

Theoretically, he favors a sales tax. In actuality he'd probably vote against any bill Furcolo presented even if it was identical with one he supported a few years back.

If that is typical of the attitude of any large number of Republican legislators, then the sales tax bill is virtually certain to go down the drain.

But GOP hopes for a comeback in Massachusetts in 1960 might go right down with it because most persons don't consider the sales tax bill a partisan political issue, and they can be devastating in directing their resentment against those who go too far in playing politics.

Governor Furcolo is about to launch his big drive for the passage of his sales tax proposal. Two factors will determine whether his biggest battle of the year ends in a victory or a defeat for him.

1. Whether Furcolo himself can line up a majority of the Democratic legislators who are either undecided or are leaning against the sales tax.

2. The effectiveness of the help given him by city and town officials and by business and civic organizations which want a sales tax to check the steady rise of local rates.

Furcolo, as has been repeatedly pointed out, is his own best lobbyist and can line up votes in the Legislature when his agents can't.

The guessing now of political observers on Beacon Hill is that if Furcolo works as effectively as he did two years ago he will be able to induce a majority—probably a slim majority—of Democratic House members to vote for the sales tax.

If he does, that will put the issue squarely up to the mayors, city managers and town selectmen as well as the various organizations which have been crying for a sales tax and which should be able to influence Republican legislators.

Governor Furcolo can make a strong and valiant fight for the sales tax, but he can't possibly make a winning fight unless at least a bare majority of GOP House members vote for his bill.

A strange aspect to the attitude of many Republican legislators toward the Governor's sales tax measure is that top GOP figures back through the years have stressed the necessity for a sales tax when the need for it wasn't nearly as great as it is today.

Former Governor Robert F. Bradford sponsored a sales tax bill back in 1948, primarily for the purpose of easing the burden on home owners, a burden that has increased enormously in the intervening 11 years.

Ex-Governor Christian A. Hetter, now Acting Secretary of State, hailed Governor Furcolo's action two years ago in seeking a sales tax. Hetter did not allow partisan politics to prevent him from publicly commending Furcolo's move.

Yet, Republican legislators without a fraction of Hetter's stature assert that they're for a sales tax but that they don't like some phase of the Governor's bill. One quickly gathers the impression that the Governor couldn't produce a bill they would back.

Present indications on Beacon Hill are that the Governor's budget will be acted upon before a showdown is precipitated on the sales tax.

That may brighten the prospects for the passage of the sales tax measure because it will eliminate the argument that an attempt is being made to enact the sales tax before the need for it is clearly established as far as the State treasury is concerned.

It also will give Furcolo additional time to line up Democratic votes.

There is little doubt but that the Legislature can and will cut the Governor's budget. Estimates have been made that the slashes might total as much as from \$5 to \$10 million.

Experts who have examined and analyzed the budget, however, report that it cannot be reduced enough to eliminate the need for additional taxes without curtailing essential public services.

In other words, it isn't a choice between a sales tax and no additional tax at all. The choice probably is between a

### Hamilton School Registrations

The Hamilton School will have its kindergarten registrations on April 14 and May 26. Parents of children who will be five years old on or before January 1, 1960, and who live in Hamilton School district are asked to bring these children to the kindergarten between 1:5 p.m. on April 14. If this date is not convenient, parents are requested to bring these children on May 26 between 1:5 p.m.

If there are any questions the School Nurse, Mrs. Packard, or the School office, would be glad to help. The telephone number is LA 7-0642.

Parents are asked to bring a copy of the child's birth certificate and a copy of his immunization record.

sales tax and a very substantial hike in the State income tax, one which would very likely hit many persons who now pay no income taxes to the Commonwealth.

There doesn't appear to be any other way of obtaining the revenue that is needed. If there were any gimmicks or painless methods of raising the money to balance the State budget, you may be sure Governor Furcolo and his advisors would be employing them.

The biggest argument for the sales tax isn't that it will balance the State's budget and solve the financial crisis now confronting the Commonwealth but rather that it will ease the tax burden on real estate and lighten the load on property owners and especially on homeowners.

One of the silliest claims advanced during the sales tax controversy is that persons who don't own their own homes and who live in rented dwellings or apartments have no interest in halting the climb of the tax rates in their communities.

Most landlords don't come in the category of philanthropists, and obviously they charge their real estate taxes back against their tenants.

The choice confronting the people of Massachusetts is whether they want to pay a sales tax a few pennies at a time, pay some other tax which may be much more painful or to give up services which they have come to expect and presumably to regard as necessary.

**Sacco-Vanzetti Hearing Complete Waste of Time**  
A shining example of how the time of the State Legislature is wasted was provided by the hearing on the petition for a posthumous pardon for Sacco and Vanzetti.

Some persons have expressed surprise that the law-makers with so many matters confronting them would take the time to consider such a measure.

The answer is that under the right of free petition which exists in Massachusetts the legislators have no alternative but to hold a hearing on every bill placed before them.

A portion of the crowd which piled into the Gardner Auditorium for the hearing held by the legislative judiciary committee on the proposal to grant pardons to Sacco and Vanzetti was comprised of sincere, well-intended men and women.

But the nutcase brigade and the lunatic fringe also were out in force, and it was about as strange an audience as you would be likely to see in a long time.

The patient members of the legislative judiciary committee, of course, couldn't possibly obtain all the evidence which was considered and weighed by the jury which convicted Sacco and Vanzetti more than three decades ago or by the citizens' committee which reviewed the verdict.

If all the data were available, it would take the committee weeks and even months to digest it and deliberate on it.

Back through the years the Legislature has been requested to do some strange things, but few petitions have been as weird as the one in effect calling upon the law-makers to find that the jury which found Sacco and Vanzetti guilty and the citizens' committee, which reaffirmed that decision, made a

## Where You Save DOES Make a Difference

By DON HEROLD

### -- going to take it down to Watertown Federal

Youngsters learn quickly that a dollar earning good dividends at Watertown Federal (anticipated new rate, 3 1/4% per year) is a better dollar than a lazy one in some piggy bank, old sock or sugar bowl.

Take your children with you when you go to Watertown Federal to leave savings. Let them get the smell of saving money, early. Open a small account for each of them and let them watch the growth of savings and dividends in their own individual pass book.

Pay them for chores, to add to their accounts. There is no lesson you can teach your child more important than that of systematic thrift.

## Burns Insurance Company One of Leading N.E. Firms

Insurance problems can be complicated or simple, but whatever the case John T. Burns Company, 803 Washington street in Newtonville, is among the leading firms in New England qualified to help any client, large or small.

This fine insurance firm has been in business for many years, and during this period has handled so many varied accounts that it has a wonderful background, plus the expert staff, to call on for help.

John T. Burns Company is a member of the top-rated Insurance Brokers' Association, and a leading one at that.

The firm has professional standing excelled by none, and perhaps that is why so many of its customers come from out-of-town to ask advice, and place policies.

The company is accustomed to dealing with the most difficult problems in the insurance line, and anyone who has had difficulty trying to straighten out an insurance claim can appreciate what this means.

Insurance is a little bit like the fire department, in that

few people give it a thought until an emergency suddenly arises. Then the experience of the personnel, and its integrity and intelligence, becomes of prime importance.

Insurance adequately written is of vital importance, and John T. Burns Company is highly qualified to advise you in this field.

A great many home owners, and others, placed their insurance years ago, in whatever category.

In most cases, the steady inflation and changing values have made this insurance most inadequate, in case of a loss. This can be tragic, if uncorrected.

For up-to-date insurance advice, freely given, and most courteously, drop in at John T. Burns Company. Your time spent will be richly rewarded.

## \$1000 Check To Hospital From TB Group Purchases Equipment

The final payment of the X-ray machine in the admitting office of the Newton-Wellesley Hospital was made this week by the Newton Tuberculosis and Health Association.

Dr. R. Emerson Sylvester, president of the association, presented the check to William Brines, business manager of the hospital, to complete the three-year extended grant given by the local association to

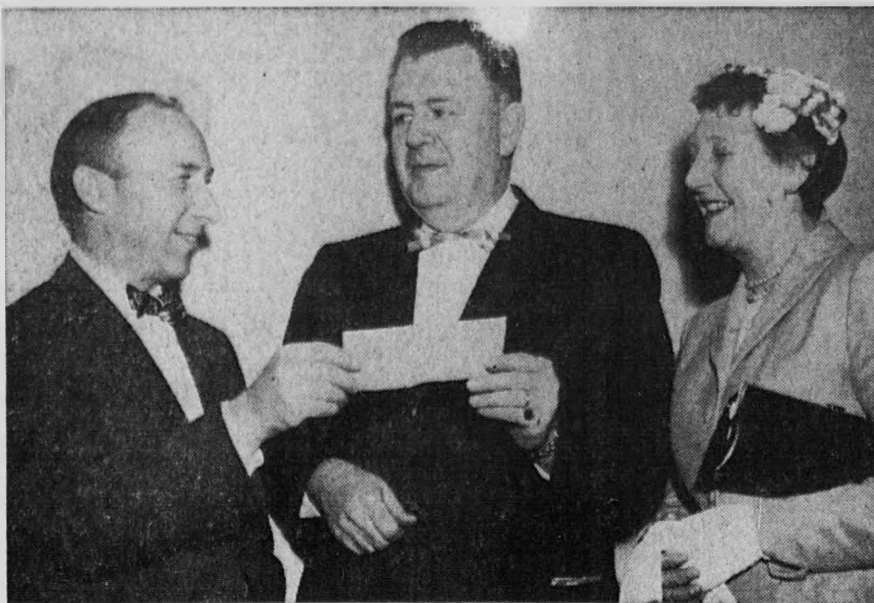

the amount of \$3,000.

The health associations of both Middlesex and Norfolk counties have also contributed to the modern, safe machine.

The admissions X-ray program was designed to provide a chest X-ray to patients entering the hospital in order to do a routine check-up on all new patients for cases of tuberculosis. In this program, begun in September 1956, the Newton-Wellesley Hospital joined many other general hospitals in the country who are conducting this type of service.

Because of the continued danger of exposure to tubercular persons, the value of programs such as those provided in Newton cannot be measured. Every case discovered and treated early, means that the number of possible cases is lessened. It is, therefore, of vital importance to discover early and treat immediately all new cases of tuberculosis.

This program has been made possible only through the continued support of the people in Newton through the purchase and use of Christmas Seals.

**PRESENTS CHECK TO HOSPITAL** — A check for \$1,000, final payment on the X-ray machine in the admitting office of Newton Wellesley Hospital, was made this week by the Newton Tuberculosis and Health Association. ## Ward Meeting To Revive GOP Set For Monday

An energetic movement of rejuvenation and a plan to rebuild the Republican Party "at the grass roots level" swings into action with a meeting called for next Monday night at the home of Stan Miller, at 11 Llewellyn road, West Newton.

Mr. Miller, under the direction of Alderman Mel Dangel and GOP State Committeeman Douglas Danner, has called for all Newton Republicans who wish to participate in the revival of the party in Ward 3, precinct 4, to attend the meeting starting at 8 p.m.

The ward aldermen will discuss and will elicit suggestions on the best means of undertaking the rejuvenation. Among those who already indicated an interest in the plan and who will attend the meeting, according to the committee, are: Mrs. Marilyn Kolenbeck, Mrs. Hazel Hill, Charles Cashman, Mrs. Ann Fain, Mr. and Mrs. William Slusher, Mr. and Mrs. Ernest Bevans, Mr. and Mrs. Sydney Williamson, Mr. and Mrs. Paul Fisher, Edward Pendergast, Roxford Taylor, Mrs. Robert Clark, J. P. McQueen, Howard Goff, Mrs. Etnel Farrington, Karl Boegner, Mrs. Bessie Danner, Mr. and Mrs. William F. Halliday, Earl Bailey and Mrs. Bethel Candler.

## Newton Rallies For Combined Jewish Appeal

Newton residents in step with thousands of Greater Boston citizens are rallying for the 1959 campaign of the Combined Jewish Appeal, a challenge for Jews throughout the world.

Newton Chairman Lloyd Oppenheim said the big story behind the campaign is "Exodus '59" as 100,000 Jews from East Europe prepare to march from Iron Curtain countries to Israel.

To meet the tidal wave of immigration, which threatens to sweep away all economic supports, Israel must look to American Jewry to assume the costs of refugee transportation and rehabilitation which comes to a minimum of \$1600 per person.

For this reason, in addition to the regular campaign, gifts will be sought for the Special Fund, a nation-wide effort to provide for the East European refugees, Oppenheim said.

The regular campaign is a once-a-year effort to raise funds for 201 year-round agencies serving Jewry locally, nationally, overseas and in Israel. Greater Boston citizens benefit directly from the campaign through more than twenty health, recreational, educational and social service agencies which serve one out of three members of our community.

Included among local agencies, all affiliated with the Associated Jewish Philanthropies, are the Beth Israel and Jewish Memorial Hospitals, Jewish Family and Children's Service, Jewish Vocational Service, Hebrew Teachers College and Jewish Community Centers.

## Prof. Pye Talks At Parish Hall

Prof. Pye, a political scientist, recently returned from Burma where he studied attitudes of key groups toward political processes.

## Christmas Seal Clinic

Three officials of the Newton Tuberculosis and Health Association attended last week's clinic in Boston to determine ways to reduce cost of mailing Christmas Seals and to increase productivity of the mailings.

Attending the conference of eastern states representatives were Miss Hilda G. Hope, director of the Newton office; Mrs. Meredith Hardings and Louis Carvelli.

## Howe Says Newton Fares Well In Dr. Conant High School Report

There is a striking identity of purpose and belief in practices at Newton High School and the report of Dr. James Bryant Conant on his two-year study of American high schools.

That was the evaluation made by Harold Howe II, principal of Newton High, in an article written expressly for the Newton School Age for March.

At the outset of his comprehensive survey review, Principal Howe wrote:

"Examination of Dr. Conant's twenty-one recommendations shows that Newton High School has anticipated some of his thinking, that we already have plans for adjusting our program in some directions approved by him, and that in a few particulars our policies from those he would recommend."

The evaluation in part said: "Newton does not follow Dr. Conant's recommendation that senior high school students be kept together in identical, heterogeneous, homeroom groups during the entire three or four years of high school. However, to achieve many of the values he sees in such an arrangement, the Newton High School next September will put into operation a 'house plan,' whereby pupils will remain in one house for their three high school years. This new system of organization is an attempt to personalize the school for the student and for the teacher, as well as to create small, manageable groups for administrative purposes and for the promotion of student loyalty and interest."

"Neither does Newton adhere to a policy Dr. Conant recommends—that each student be presented with a transcript to show the meaning of his diploma. It would be a simple matter to institute this procedure. But the present practice of sending transcripts, free of charge, to all businesses or colleges which request them to some degree obviates the need for a special form presented to the student."

"Newton High School's pursuit of a number of policies has preceded the recommendations of Dr. Conant. This school has long devoted a large proportion of its time to the study of English, with particular emphasis on the perfection of composition skills. Dr. Conant asks that at least half the time in English instruction be used for this purpose. Again, in this school there is a well-developed reading-improvement program, together with classification procedures which make allowance for very slow readers in grade 10 and beyond. Both of these procedures are urged in the Conant report. Moreover, Newton's program for highly gifted students is based on the Advanced Placement Program of the College Entrance Examination Board, as Dr. Conant recommends. Finally, his belief in the desirability of a seven- or eight-period schedule, to provide broader elective opportunities to students, became a reality in Newton High School at the beginning of this school year; at that time the six-period ar-

## Slamin Flays School Driver Course Slash

The Massachusetts Driver Education Association has flayed announcement that Newton schools will stop behind-the-wheel driver training next fall.

Gerald J. Slamin of Natick, vice-president of the Association, issued a statement in which he asserted "driver education is essentially an educational subject."

"Our association hopes the action of the Newton School Committee is not final and that members... will rescind the action," Slamin said.

**AMERICAN  
CANCER  
SOCIETY**

Where we stand in  
the fight against CANCER  
...and why your dollars  
are urgently needed now!

**D**ECISIVE PROGRESS has been made in the fight against cancer in the last decade. Today one in every three persons who have cancer is saved. A few years ago it was only one in four.

Still more lives can be saved with what doctors know now, if all adults will have a health checkup every year. Many cancers are curable if discovered early and treated promptly and properly.

The major hope for the future conquest of cancer lies in research. About twenty million Americans living today are marked for death from cancer unless research finds new means of curing the disease, or preventing its onset.

**What new knowledge has been won** to brighten cancer's darkness? High on the list is the discovery of chemicals which cause some cancers to shrink . . . and put victims of this disease back on their feet for a time. There are sound, scientific reasons to believe that more effective chemicals will come which may possibly cure one or more forms of cancer.

Equally remarkable are the advances in surgery for cancer . . . permitting wider removal of malignant growths with less risk to patients and far greater chances to control the disease.

The scoreboard of cancer progress also includes methods for treating some cancers with hormones, which prolong the active, useful lives of many patients . . .

tests for early diagnosis of some common forms of cancer . . . development of X-rays with power undreamed of 10 years ago . . . incredibly delicate techniques by which the living chemistry of a single body cell can be studied.

**Immense new research** projects are under way and might be expanded to answer such questions as:

Are the tiny organisms called viruses significant factors in the cause of cancer in man, as they are in some cancers in animals? Why do cancers grow slowly in some patients, rapidly in others? If some people are immune or more immune to cancer than others, how can that immunity be strengthened? What elements in our environment may be causing cancer?

Important findings must be moved from the laboratory table to the hospital bed. The step from test tube to patient is difficult, time-consuming and costly. As research goes forward, and new leads open up, more and more work will be done directly with patients with cancer. Thus, research costs will snowball as science continues to press towards its goal.

**Your support** of the American Cancer Society's Crusade has already brought significant gains in the control of cancer. More lie ahead . . . will you make them possible? Let your dollars work for you and for your children and for their children.

Cairo — The Suez canal is about 100 miles in length, and in 1952 it carried an estimated 83 million tons of cargo, twice that of the Panama canal.

**BERMUDA VACATION** — Miss Mary Ruth Mahon, daughter of Mr. and Mrs. John H. Mahon of 516 Commonwealth avenue, Newton Centre, is pictured here during her recent visit to Bermuda. ## Chico Vejar Bout Next For DeNucci

Newton's teenage middleweight, Joe DeNucci, has begun to train his sights on the May 2 bout with Chico Vejar, the only man to beat him in his pro boxing career. That's the fight the Newton lad has been aiming at even though he breezed through his last three fights against Ike Jenkins, Al Andrews and Joe Jordan. He disposed of the latter at the Arena Monday night, his 20th victory in 20 starts. Andrews was no match for DeNucci, who weighed in at 166. Jordan was knocked out in 1:56 of the third round. This was DeNucci's 14th kayo. "It was a disappointing fight," Joe commented. "It's hard to fight a guy when all he does is go into a shelter, covering himself up. It takes two to make a fight."

## Start Cub Leader Training Program

An intensive 8-hour course for men and women who will be Cub Scout Pack leaders begins tonight (Thursday) at the Norumbega Council Office at 259 Walnut street, Newtonville.

The staff includes Robert Cunningham of the Church of the Messiah in Auburndale; Proctor Houghton of the Pierce School in Newton; George Frankenberg of Our Lady's Church in Newton; Charles Austin, Cubmaster for Pack 11 in Newton Corner and District Scout Executive Arthur T. Alvarez.

## Ready Plans For O. H. Athletics

The Newton School Department plans to construct an extensive athletic plant adjoining the new South High School in Oak Hill, but only six acres may be completed by Sept. 1960.

The School Committee decided to go ahead with plans to have the land developed for physical education classes and intra mural sports.

Ultimately, another 37 acres now owned by the Recreation Department will be converted into a varsity baseball diamond, a track and football field with seating capacity for 3500, a practice football field area, and a girls' hockey field.

A special act of the State Legislature will be required to transfer the land from the Recreation to the School Department.

## One Man Injured, Property Damaged By Vandal Quintet

### Rock-Throwing Teens Held In \$5000 Bonds After 4-Town Spree

Five teenage youths suspected of a window-smashing spree in four towns are at liberty in \$5,000 bail each for continued appearance April 24 in Newton District Court.

Nabbed by Newton police, the five were arraigned before Judge Donald E. Mayberry on charges of malicious destruction of property.

Those arraigned were: Robert Carven, 18, of 18 Bonair Circle, West Newton; William Meehan, 17, of 191 Dorset Rd., Waban; Brian M. Dooling, 17, of Framingham; James H. McCarthy, 17, of Wellesley, and Matthew R. McCann, 18, of Saxonville.

They were linked by police to a rock-throwing spree in

## Wrecks Car And Suffers Cuts - Misses Squirrel

There's a carefree squirrel scampering around Newton Lower Falls. Now these are lovely days, indeed, for scampering in the trees, provided you're a tree rodent.

Also it's lovely weather for 17-year-old girls to be outdoors, too, but Carol Bartberger, 17, of 518 California St., is home suffering cuts and bruises on her hands and face.

And her car, instead of scooting over the roads, is a wreck—All because of the bushy-tailed squirrel.

Miss Bartberger told police she was driving west on Washington St., last Monday, when she swerved the car suddenly to avoid the squirrel. Her car crashed into a parked truck owned by a Somerville firm near 1821 Washington St., Newton Lower Falls.

## Term Bigelow School Cafeteria Fire Threat

The Newton School Committee was told Monday night by a delegation of PTA members that the third floor cafeteria at the Bigelow Junior High School "may be a very serious fire hazard."

Bigelow remained the principal topic of the discussion, although a review was made concerning the condition in other schools which have third floors.

The only others with possible hazardous conditions were at Burr School and at Emerson School.

William Carmen, president of the Bigelow PTA, proposed the construction of a new cafeteria at ground level. He said this could be built in an addition which could be at the front of the school, adjoining the auditorium.

This situation would eliminate much of the available playground land. But Carmen proposed that Arlington St. become a dead-end street, and children could cross in safety

to the city playground located across the street.

The committee did not make any decision on the requests, and listened to discussions of the situation in other schools.

Also discussed were plans now underway for an enclosed "smoke tower" sort of fire escape, as proposed by Newton Fire Chief Frederick A. Perkins, Jr.

School Supt. Eric N. Denard reported on conditions in other schools. He said use

Principal speaker will be Judge David B. Williams, of

# Third Member Of Trio Sought In N.H. Two Gunmen Nabbed For \$18,000 Newton Holdup Pair Caught In Tyngsboro After Restaurant Stickup

LIONS CLUB PRESENTATION — Newton Librarian A. William Kunkel, left, receives a projection magnifier from Lions Club President Robert E. Mitchell and Dr. Morton V. Ross, chairman of the Sight Conservation Committee.

Two gunmen captured in Tyngsboro have been identified as the pair who invaded the Valente Funeral Home near midnight, April 4th, and escaped with \$17,000 in cash and some \$10,000 in checks.

Funeral Director Joseph G. Valente of 697 Washington St., faced the two suspects in East Cambridge jail where they were taken following arraignment in Lowell District Court.

Valente positively identified the men as those who invaded his office-home on the pretext of arranging a funeral, bound and gagged him, and fled with the contents of the safe.

The suspects are Paul A. Shinnick, 37, of Washington St., Newton, and John E. Landry, 32, of Charles St., Waltham.

Shinnick and Landry are being held in \$10,000 bail each for a hearing April 21 in Lowell District Court. They were charged with the armed robbery of Clifford Marsden, 44, owner of the Paramount Lounge Diner in Chelmsford.

The pair allegedly invaded Valente's home at 11:40 p.m. April 4 and fled with \$1650 in small bills, some \$12,000 in larger bills and \$10,000 in checks. Also stolen were two pistols.

Valente positively identified the suspects as his assailants. He also identified a .38 caliber revolver carried in Landry's shoulder holster as one of the two stolen pistols.

In addition, articles found in Shinnick's room, a half mile from the Valente home, were also identified as having been

## Hunt Parolee As Third Man

Newton police have requested a national alert for the apprehension of August H. Dulling, 29, alias Al Deneo, of Waltham, as the third man in the holdup of the Valente Funeral Home on April 4th.

Newton police said they have a warrant charging Dulling and two alleged companions with the \$25,000 holdup. The other two were captured at Tyngsboro where a stolen car was wrecked in a chase following a Chelmsford holdup. Chelmsford police said Dulling's criminal record ranges from vagrancy to armed robbery. He is on parole from the Walpole State Prison where he was serving a 5-7-year term for a Lexington robbery.

## Seek Free Scout Use Of Schools

The Norumbega Council, Boy Scouts, would save an estimated \$139 a year if its troops could have free use of Newton school buildings.

But School Committee Chairman Haskell C. Freeman estimated it might cost the city \$4,000 a year for custodial services for the Boy Scouts. The School Committee took no action on the request, presented Monday night by Arthur Menard, president of the council.

He said the council has 12 scout troops, out of the 35 troops in the most. The others are sponsored by various

## Fire Dept. Spot Check To Deter Dwelling Fires

The watchword for the Home-In-Service-Inspection campaign now going on in Newton is:

"A clean house seldom burns. Don't give fire a place to start."

Fire Chief Frederick A. Perkins, Jr., pointed out today that a resident has only a vague idea of where a fire might start in his home.

But a fire department check of the third floor at Bigelow cannot be eliminated unless some other provisions are made for a cafeteria.

The wood and plaster used for building the Burr School lend themselves to hazard.

## Whitmore Raps Closing Newton Corner Station

Mayor Howard Whitmore, Jr., today characterized the action of the State Public Utilities Commission in authorizing the closing of the Newton Corner railroad station as "ridiculous."

## Magnifier Assists In Better Reading

### Lions Club Gives Projector As Part Of "Library Week"

The Newton Lions Club joined in the observance of "Library Week" this week with the presentation to the library of a projection magnifier.

The magnifier is designed to aid those people with subnormal vision to read standard printed material.

Robert E. Mitchell, president of the Newton Lions Club, and Dr. Morton V. Ross, chairman of the Sight Conservation Committee, made the presentation.

The presentation further exemplified the progress made by the Newton Lions Club in its Sight Conservation program, as pointed out by President Mitchell.

He stated that other examples are: Braille writers, checker boards for the blind, sending blind children to a special summer camp, and the annual Christmas gifts for the blind at St. Raphael's.

## \$10,000 Left To Newton Couple

Bequests of \$10,000 to a Newton couple and \$5,000 to the N.E. Peabody Home for Crippled Children were listed in the will of a Brookline bachelor which was filed for probate in Dedham this week.

The will of E. Frank Leighton, who died March 18, bequeathed \$10,000 to Mr. and Mrs. Dana Foley of 151 Charlesbank Rd., Newton. Mrs. Foley also was left a ring containing eight small rubies and 50 diamonds.

Leighton was a former hosiery salesman for a Boston department store. He left an estate estimated at \$430,000 which was left him in 1945 by an aunt.

## No Money Trees In Newtonville

## 6-Page Bargain Section Today; Pages 13 to 18

Six full pages of outstanding values prepared especially by merchants in the Newtonville area appear in The Graphic today on pages 13 through 18.

Thrifty shoppers throughout this area will be delighted with this array of sound bargains for all members of the family. Save this section and take it with you to "Newtonville Days."

you about for the past several weeks — the big sale so graphically illustrated in six full pages of advertisements in today's Newton Graphic.

Fresh, new stock is on the shelves and groaning counters of merchants in the Newtonville business area.

Today, tomorrow and Saturday — those are THE days of the big savings sale so carefully prepared by the merchants.

Now their hours of conferences, promotion posters, stock purchases, advertising layouts and the hundred and one details which had to go into the preparation for the "Shower of Sales" are over.

chairman of the advertising committee, and the coordinating efforts of Justin Horan, executive secretary of the Newton Chamber of Commerce — all are finished.

Now it's up to you — the home-maker, the wife, or husband, to take advantage of the shopping opportunities these merchants have prepared.

The whole event was staged with the interest of the shopper in mind. The merchants feel that by presenting genuine bargains and the finest merchandise at unusually reasonable prices, Madame Shopper will find that her dollars will stretch at the Newtonville "Shower of Sales."

Space is too limited here to list the items on sale. But the six pages of crammed ads in the Graphic should serve as a guidebook for the trip through the aisles and stores.

## Latin Slaps Newton 4-0 In Opener

It's evident the boys at Cambridge Latin either didn't read the sport pages or didn't care that Newton High's baseball team had won three practice games in a row.

So the Latin boys squared off against Newton on Tuesday in the curtain-raiser of the Suburban League and promptly slapped a 4 to 0 whitewash on Newton at Russell Field, Cambridge.

Until they ran into the Cambridge Latin roadblock, Newton had consecutive wins over Revere, Braintree and Medford. But these do not count in league standings.

## Fine Topics Win Science Fair Prizes

A radio antenna constructed from a large fluorescent tube by John R. Swanton of 27 George St., Newton, won one of three first prizes at the Newton High School Science Fair last week.

Mary Small of 22 Howard St., Newton, won one of the top awards with a study of the behavior of blood vessels.

The other top award went to Paul Nichols of 30 Cliff Rd., Wellesley Hills, and Bill Howard of 21 Ithaca Circle, Newton Lower Falls. They had a joint project which Dr. Albert Navez, head of the science department, described as "an early atom smashing machine."

More than 1,000 persons viewed the projects exhibited by the embryo scientists.

Dr. Navez explained the theory behind John Swanton's prize-winning project. The gas in the tube, he said, acts as a conductor which can be adjusted more accurately to receive incoming radio signals than a wire antenna.

The project conducted by Mary Small dealt with prob-

Menard said these 12 troops meet every week for an average of 39 times per year. He said the total cost of \$139 for these meetings is large enough so that it is hampering Norumbega's efforts to form new troops.

Many nearby communities, Menard contended, provide free custodian service for scout troops.

John E. Gilleland, director of business services, pointed out that town meetings or city councils of those communities which do provide free custodian services, have voted a special fund to be spent in the schools for "non-school use."

Several School Committee members pointed out that if Boy Scouts were allowed free meetings, other youth organizations would want the same treatment.

Lovely was on the football, baseball and track teams at Newton High School and Our Lady's High School, Newton. He played semi-pro football for several years after high school.

## 19 Girls Pass Swim Course At Newton Y

Nineteen girls passed the beginners swimming test in the final session of the second Beginner's term of instruction at the Newton YMCA on Friday, April 10th, according to Dr. Lawrence MacDonald, chairman of the Youth Building Program Committee.

The distinguishing feature between a beginner and a swimmer in the YMCA levels of swimming skills is the ability to jump into the pool, swim 30 feet, turn while swimming and return to the starting point — all in water over her head.

Other grade schools girls en-

rolled in the course, twenty-four in number, showed progress in mastering many of the other specific skills required in this level of swimming instruction.

Fourteen of these girls have already signed up to continue their instruction in the swimmers term of instruction starting tomorrow, Friday, April 17th. Dr. MacDonald also indicated that eighty-three grade school girls registered for the swimmer's course starting April 17th. Girls holding an American Red Cross or YMCA Beginner's certificate may still sign up for the swimmer's course.

Girls who passed their beginners test are: Sandra Battista, Marie Boudreau, Linda Cos-

grove, Martha Cronin, Susan Currier, Susanne DeMont, Marlene DiNapoli, Susan Erickson, Lisa Funk, Carolyn Guarry, Anne Herendeen, Susan Hurry, Donna Hussey, Andrea Josephson, Cynthia Mackay, Carolyn Overhold, Judith Sudhalter, Martha Swartz, Meredith White.

## Open House At Jackson Home Sunday 3-5 P.M.

If Paul Revere could knock on the door of the Jackson Homestead this Sunday afternoon, April 19th, between 3 and 5 o'clock, he might feel right at home.

After being greeted by a Girl Scout dressed in an old fashioned costume, he could enjoy the exhibit of Early American primitives, miniatures, and antique jewelry, assembled by Mrs. Orin E. Skinner of Newtonville.

Ancestral portraits, some the work of itinerant painters; rare Daguerreotypes and Ambrotypes; charming miniatures; and a breath-taking display of lovely antique jewelry, much of it on loan are on view, bringing back memories of long ago.

Among these collector's items are: a large miniature of two of the young Woodward children (Hannah Woodward married William Jackson in 1806) painted on ivory, several rare Ambrotypes, two portraits by John Wesley Jarvis, ivory miniatures by Pamela Hill, a pin with a setting of braided hair, cameos, and several portraits of early Newton residents.

Miss Adelaide B. Ball, president of the "Friends of the Jackson Homestead" and hospitality chairman, has asked the following hostesses to re-

He also said the old-type seats on the Cabot's third floor "could contribute to a fire hazard."

He said the third and fourth floors at the High School are safe. So are the third floors at Weeks, Horace Mann, Hyde School and Stearns. He said the third floor is not used at present at Ward.

Returning to Bigelow's cafeteria, School Committee member Manuel Beckwith commented "the sooner this cafeteria is closed, the sooner the city can lean back and take a sigh of relief."

PTA President Carmen also complained of what he termed "the dilapidated condition" in the male teachers' room, the teachers' lounge and the dumb waiter which brings food up and garbage and trash down from the cafeteria.

"One gets the impression that this is a neglected school," Carmen asserted.

the State Industrial Accident Board since 1935 and also has served as an auditor in certain cases by appointment of the Suffolk Superior Court.

He is considered an outstanding authority on workmen's compensation and recently agreed to give a series of lectures on that subject at the Boston University Law School.

Lewenberg is a graduate of Tufts College and the Boston University Law School. He has been active in civic, charitable and religious affairs and is a former president of the Brotherhood Temple Ohabei Shalom,

largest Jewish men's club in the United States.

A former president of the Newton Republican Club, Lewenberg is being backed for appointment as U. S. Attorney by a number of Newton leaders who have expressed the conviction that he is excellently qualified for the position. That opinion is shared by top Republicans in other sections of Massachusetts and in Washington.

Married and the father of four sons, Lewenberg lives at 41 Longfellow road, Newton. He recently was reappointed to his third term on Newton's Human Relations Committee.

## Furcolo Picking Up Support In Crucial Sales Tax Sales

Governor Furcolo appears to be picking up support in the House of Representatives for his limited 3 per cent sales tax bill.

While a substantial number of members of that body are still on the fence, present indications are that the Governor has about an even chance of achieving the passage of his proposal in the lower legislative branch.

If he gets the measure through the House, he will face an even sterner battle in the Senate, where at this stage the odds seem to be against him.

The refusal of Senate President John E. Powers to allow the joint legislative taxation committee to sit on the sales tax proposal may cause an earlier showdown on the issue than was expected 10 days ago.

Exactly how soon the sales tax bill is put to a critical test in the House will depend on whether the Governor and his advisers decide they want it voted on before or after the State budget is passed for the next fiscal year.

Persons who have talked with Furcolo have gone away with the impression that he was leaning toward a fairly early test of strength in the House on the sales tax.

Senate Chairman Robert P. Cramer of the taxation committee desired to hold the sales tax bill in his committee until the budget had been acted upon. Furcolo went along with the idea, but Cramer, of course, was unable to obtain Senate approval of his order which would have allowed his committee additional time to consider the sales tax measure.

Now it appears that Governor Furcolo and his lieutenants have swung back to their original idea of having the sales tax fight precede the budget battle.

The final decision as to just when the sales tax showdown will come rests with the Governor.

A majority of the members of the House ways and means committee, which now has the bill under consideration, are responsive to Furcolo's wishes, and they are not subject to the same rule which forced the taxation committee to report out the measure before it was ready to do so.

In short, Governor Furcolo can set his own time for the most important battle which will be fought on Beacon Hill this year. It also is anticipated that he can obtain a favorable report from the ways and means committee to back up the one made by the taxation committee.

What happens if the sales tax measure ultimately is defeated?

Some State House observers believe Governor Furcolo will sit back in such an event and invite Lieutenant Governor Robert F. Murphy and the

ADA, leading critics of the sales tax bill, to submit their tax programs to the Legislature.

That suggestion provides the material for interesting conjecture. But it isn't likely to happen. If it did, it would be little more than a sardonic gesture.

Neither Murphy nor the ADA could get any tax program before the Legislature for consideration unless they either obtained a four-fifths vote to have their bills admitted or had them submitted by the Governor in a special message.

There is no possibility whatever that the Legislature would admit the ADA plan for consideration and just as little chance that Furcolo would embrace it and present it to the Legislature since such a move might create the impression that it had his endorsement.

What Governor Furcolo is more likely to do if the sales tax should be defeated is invite the Legislature to adopt its own tax program to produce the revenue needed.

The Governor repeatedly has made it plain during conferences with legislative leaders that he will not sign an unbalanced budget this year.

In other words, if the Legislature defeats the sales tax proposal and then approves a budget which is in excess of the amount of money the State has to spend, Furcolo would return it with a demand that new taxes be enacted to balance it.

That, presumably, is why he prefers to have the sales tax acted upon before the budget.

Some of the Governor's advisers also are apprehensive that sales tax opponents may slash the budget too deeply and unwisely in an attempt to show the proposed 3 per cent impost is not needed.

From statements made privately by Republican leaders who are disposed to apply a meat axe to the Governor's budget it is apparent that they recognize they cannot cut it enough to eliminate the need for additional revenue.

Even if they could however, and if the state were able to stagger along temporarily with its existing taxes, that wouldn't ease the plight or solve the problem of cities and towns which need the sales tax to lighten the mounting burden on real estate.

Since early last fall a great deal has been said and written about the need for improving the Massachusetts business climate so that national companies will establish plants in our cities and towns and provide employment opportunities for our citizens. Despite all the talk, nothing whatever has actually been done in that direction.

Perhaps the one factor most that reason he probably

responsible for the unfavorable business climate, for the departure of firms to other states and for the failure of new industries to come here is the high local tax rates and the prospect that they will continue to climb unless a sales tax is adopted to broaden the tax base.

That is why Governor Furcolo and other advocates of the sales tax believe it would make Massachusetts a more prosperous State. It is why it is so ironic that some legislators who talk piously about the need for improving the business climate back away from the sales tax—the one measure which more than any other single thing might reverse the trend which for the past 10 years has seen Massachusetts slipping as an industrial State.

## DiNatale Advances New Road-Building Concept

The idea advanced by able State Public Works Commissioner Anthony N. DiNatale for combining the construction of the proposed Inner Belt Highway, which will run through sections of Boston, Brookline, Cambridge and Somerville, with a vast program for the development of new tax-producing property, may revolutionize future road-building in metropolitan areas.

DiNatale is gradually stamping himself as the champion road-builder of his time in Massachusetts.

He is going to open the final links in the Fitzgerald Expressway across downtown Boston eight months ahead of schedule, and he is quietly accomplishing things which many engineers didn't believe possible.

Top business leaders recently hailed DiNatale as a man who thinks big and acts big, and DiNatale is proving they were right.

His pronouncement that in building the Inner Belt Highway his objective will be to create, not destroy, and his assertion that he believes more taxable property can be constructed than will be levelled to make way for the roadway, must have been music to the ears of city and town officials and taxpayers alike.

DiNatale's idea for erecting office buildings, industrial centres, motels, apartment houses and garages directly over a high-speed artery, with the roadway running through the first floor in tunnel fashion, is a revolutionary one.

Yet, the more one ponders it the more it appears that it might be the road-building procedure of the future. Qualified architects and engineers who have studied DiNatale's proposal say that it is both feasible and practicable.

It certainly is an idea which has tremendous potentialities.

## Wisconsin Good Gamble For Senator Kennedy

Senator John F. Kennedy obviously has been laying the groundwork for an important test of strength in Wisconsin next spring.

Political experts have been expressing the opinion that Kennedy will decide, on the basis of his reception in the Badger State, whether he will engage in a head-on clash there next year with Senator Hubert H. Humphrey of neighboring Minnesota.

The fact is that Kennedy probably doesn't have much choice but to take the risk and battle Humphrey for the Wisconsin delegates to the Democratic national convention. From this distance it shapes up as a good gamble.

A victory for Kennedy over Humphrey would indicate popular support for him in the Middle West and would enhance his prestige tremendously.

A loss to Humphrey would hurt Kennedy's chances to some degree but would not necessarily be fatal to them.

His failure to enter the Wisconsin Presidential primary would be interpreted as a tacit admission on his part that he felt he could not win there. For

## Wins Letters At Wor. Acad.

Richard P. Diutsh, son of Mr. and Mrs. Morton Diutsh of 15 Deborah road, Newton, has been awarded his Worcester Academy Letter for participating in varsity basketball.

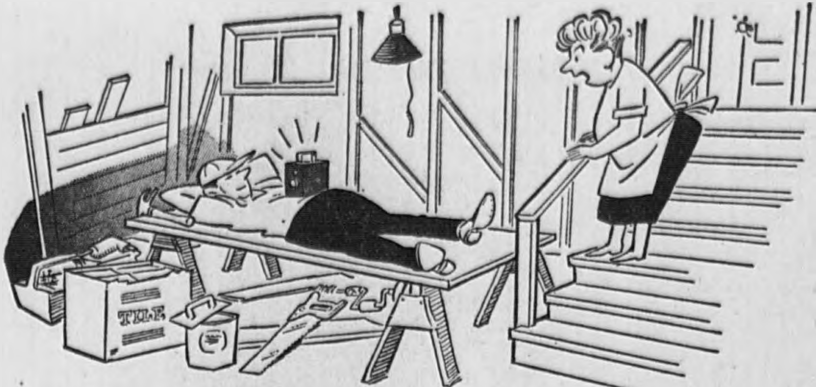

The W.A. varsity team won the Class A N. E. Prep School championship. Tony Lupien, head coach of baseball at Dartmouth College, was featured speaker at the awards banquet recently.

A junior varsity letter was awarded to Gerald A. Feldman son of Mr. and Mrs. Frank Feldman of 66 Hartman road, Newton.

couldn't afford to stay out of it.

A factor in Kennedy's favor in a test of strength with Humphrey would be that Wisconsin Democratic leaders undoubtedly realize that Kennedy has a real chance of achieving the Democratic Presidential nomination and that Humphrey does not.

The South would take Kennedy as a Presidential standard-bearer. In fact, he probably would have substantial support there. It is highly unlikely that southern leaders would accept Humphrey who actually will be little more than a favorite son candidate.

## Appreciate Workers

Editor, Newton Graphic,

I wish to express my appreciation to the hundreds of women who worked for the success of the Sale for the Blind held recently at the Newton Centre Woman's Club.

Over fifty religious, civic and social organizations cooperated with the Newton Federation of Women's Clubs in this effort.

This project is especially worthwhile as its entire proceeds go directly to the blind who make the merchandise. This type of sale affords them an opportunity to earn that little extra money which means so much to them.

Sincerely yours  
Maudyca M. Campbell,  
Chairman.

## Selby Hickey Wins AFS 10-Week Summer Scholarship In Europe

Sixteen-year-old Selby Hickey will spend 10 thrill-packed weeks in Europe this summer representing Newton High School as an American Field Service student.

Miss Hickey, daughter of Mr. and Mrs. Edward V. Hickey of 215 Temple St., West Newton, is editor of The Newtonian, the school year book. A student of the French language for the past two years, Miss Hickey hopes to spend the summer either in Switzerland, or in a Scandinavian country.

The American Field Service will select a family with whom she will stay, one member of which will be near her own age and who speaks English. She is a junior and was chosen from an original field of 32 Newton High students. Basis for the competition was an essay, school record and personal interviews.

There is still one selection to be made by the AFS for a second scholarship, which is open to Newton high students as well as pupils of other schools.

In contention are Judy Malone, editor of the Newtonite, Walter Angoff and Doris Axelrod.

## Mayor Raps-

(Continued from Page 1)

"This is quite a surprise," he told The Graphic.

Mayor Whitmore said his surprise was occasioned by his belief that it was pretty well established at the Public Utilities hearings that the Boston & Albany would lose money rather than save it by closing the Newton Corner station.

"We felt that it was clearly demonstrated that the B & A was not losing money by stopping trains at the Newton Corner station," the Mayor added. "In fact, it was pretty well proven that the railroad was making money by doing so."

Obviously taken back by the DPU decision, the Mayor pointed out that the Newton Corner station presently is serving a high percentage of the former commuters on the Highland Branch line.

Mayor Whitmore said that he would confer with City Solicitor Matt B. Jones to determine what further steps the city might take to prevent the closing of the station.

"We're not going to let this matter drop if there is anything we can do," the Mayor emphasized.

He said the abandonment of the Newton Corner station would necessitate a revision of bus schedules and would create additional traffic problems in transporting those passengers now using the Newton Corner station to another point on the B&A line.

The traffic problem is very bad, Whitmore asserted, at the Newtonville station, which is considered the logical place to shift the commuters who now

## Mrs. G. Reichley Heads West Newton Club

Mrs. Gerald F. D. Reichley was elected President of the West Newton Women's Educational Club at its 79th annual meeting held April 9, at the Monticello Restaurant in Framingham.

Other officers elected: 1st Vice President, Mrs. Gordon S. Heath; 2nd Vice President, Mrs. Leonard G. Simmons; Recording Secretary, Mrs. Wallace G. Burbo; Corresponding Secretary, Mrs. Robert H. Perkins; Treasurer, Mrs. Wilson C. Dort; Auditor, Mrs. Theodore C. Danker; Historian, Mrs. Percival Waters.

Directors for two years, Mrs. Earl L. Ham and Mrs. Merrill B. Smith. Also elected were members of the nominating committee for 1960-61, Mrs. George D. Thomas, chairman; Mrs. Thomas F. Ford, Mrs. C. David Gordon, Mrs. Homer A. Lucas, Mrs. George E. Smith, Mrs. Henry D. Stone and Mrs. Malcolm A. Warren.

Highlighting the meeting were condensed reports which included the accomplishments of committees and classes of the club.

Of special interest was the announcement that Miss Sally Rhodes of West Newton had been chosen as the recipient of the Club's Scholarship, which is awarded annually to a Newton High School Senior. The Ways and Means Committee will hold its annual Spring Rummage Sale in the Davis School, West Newton, on Saturday, May 9.

## Harvard Degrees To 3 Newton Men

## Named to Chamber Club

Anthony J. Farrington of 154 Randlett Park, West Newton, has been named to the Contact Club, membership building organization of the Greater Boston Chamber of Commerce. Mr. Farrington is a wholesale merchandiser for Eastern Gas and Fuel Associates.

use the Newton Corner station.

Under the DPU decision, the B&A decision would be able to abandon the Newton Corner station any time after the end of next week.

Mayor Whitmore, however, made it plain that he is seeking a new course of action to counter the DPU ruling.

## 12 Newton High Scholars Will Train At Brandeis U.

The research laboratories at Brandeis University are laying the groundwork for an experimental apprenticeship program in which a dozen gifted Newton High School students will accelerate their educational careers.

The 12 students will work full-time as paid apprentices for six weeks this summer. They will serve with research teams engaged in studies relating to heart disease, cancer, radiation sickness and other basic programs.

Screening is now underway to select the pilot group from among 30 recommended Newton High students.

Principal Harold Howe II and Dr. Albert E. Navez, director of the school's science department, are coordinating the program. Dr. Harold P. Klein will direct the training at Brandeis.

Dr. Klein, who lives at 88 Bulbough Park, Newtonville, is Associate Professor of Biology on the Abraham and Gertrude Burg Foundation at Brandeis.

Eventually the annual program will be expanded to include more than the initial dozen students, and will be open to boys and girls from throughout the state and the nation.

The students will be appointed on the basis of superior scholastic ability and performance in the sciences. Informal seminars and discussion groups will supplement the actual research work during the six week session. The students, in addition to working as apprentices on the various projects, will be encouraged to use the science library facilities at Brandeis for individual research and study.

## Deter Fires—

of your home might turn up some possible danger spots. So during this Clean-up inspection, it is a good time to use the eyes and know-how of a trained fireman to look for fire hazards, Chief Perkins says.

"We hope you'll welcome the uniformed fireman who will ring your doorbell now or sometime during the coming months."

The chief explained that throughout the country communities with well-organized inspection programs consistently report reductions in home fires. More and more communities are adopting such programs and providing their life and property-saving effectiveness.

The chief emphasized that home inspections are entirely voluntary on the householder's part, and that most of the fire hazards discovered are easily remedied.

"We urge everyone in Newton to understand and cooperate with this fire department service," Chief Perkins stated. "It is aimed to save homes and lives in our community—and it will."

## Fellowship To Hold Auction

The Young People's Fellowship of St. Paul's Episcopal Church, 1135 Walnut Street, Newton Highlands, will sponsor an auction of miscellaneous items, next Tuesday evening, April 21st, starting at 7:30 o'clock.

Co-chairmen of the affair are, Timothy Kinchlea and Judith Brookington. Stephanie Young and Wendelyn Martin are in charge of publicity. A silver chest will be awarded as a door prize.

## Newton Grads On Harvard Nine

Allan Martin of Auburndale is the first baseman for the Harvard baseball team. He is one of two sophomores in the starting lineup. A graduate of Newton High School, Martin is normally a second baseman, a position he played with the Harvard freshman last season. Only returnee from last year's team, except for catcher and captain John Davis, will be Levon Kasarjian of Newton at shortstop. The latter is also a graduate of Newton High School.

## Gunmen Nabbed—

(Continued from Page 1)

taken in the robbery. This included a bunch of Valente's keys.

According to police, Shinnick admitted the Valente robbery. He named Landry and a third man as his accomplices. This man, still at large, was identified by police as a Waltham resident, a 34-year-old man who allegedly drove the getaway car used in the robbery.

Newton police said the suspects claimed they threw most of the Valente loot into the Charles River from the Prospect St. bridge in Waltham.

According to their story, they kept \$1650 because the rest of the cash was in \$1,000 bills. They threw the big bills into the river, they said, to avoid a link to the robbery. However, a thorough search of the river has failed to disclose any of the missing cash or checks.

Shinnick and Landry have been questioned by Newton Police Chief Philip Purcell, Deputy Chief Patrick J. King, Capt. William J. Burke, Sgt. James E. Halloran and Inspector Charles W. Lynch.

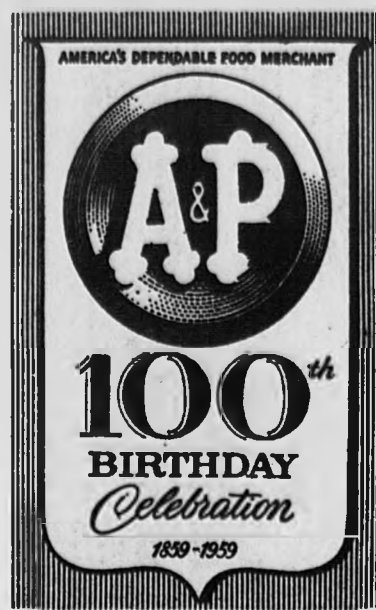

Shinnick was arrested last Saturday in Tyngsboro near the wreckage of a car stolen in Waltham after it overturned during a wild chase following the Chelmsford holdup.

Landry was caught in the woods after a short search, but the third man made good his escape. Police hunters extended their search through closed summer camps along the Merrimack river between Lowell, Mass., and Hudson, N. H., this week.

Shinnick later was transferred from East Cambridge jail to the hospital at Norfolk Prison Colony for treatment of back and shoulder injuries, suffered when the car overturned in the getaway attempt.

Officials at the jail described Shinnick as talkative, but said Landry refused to answer any and all questions.

**DeNucci-Vejar  
Return Bout  
In Hub May 2**

Newton's young kayo artist, Joe DeNucci, tackles the only boxer to ever defeat him—Chico Vekar of Stamford, Conn., in a 9-round bout at Boston Garden on May 2.

This will be one bout of an All-Star card arranged by the Goodwin A. C. DeNucci, winner of 20 out of his 21 starts, has scored 14 knockouts.

His latest victim was Joe Jordan of Bridgeton, N. J., in 1:56 of the third round at the Arena.

The veteran Vekar snapped DeNucci's undefeated string at 16 straight last Nov. 17. He gained a TKO in the sixth round when DeNucci suffered a gash above the left eye. DeNucci has fully recovered from that eye cut, and although some of his supporters feel he should wait another six months, DeNucci begged for the return bout.

Since the defeat by Vekar, DeNucci has TKO'd Ike Jenkins with a broken jaw, won a unanimous decision over Al Andrews of St. Paul, Minn., and kayoed Jordan.

Who told you that the bashful boy next door doesn't still make a young girl's heart go flip-flop? Elvis and Ricky may have their hordes of loyal and loud fans, but the 16-year-old boy who doesn't do anything more exciting than stand on his head is apparently just as strong in the swoon department. For proof, all you have to do is read any of the hundreds of letters a week sent to young Tony Dow, who stars as Wally Cleaver on ABC-TV's popular "Leave It to Beaver" series. Some of the letters are on pink stationery and some are scented. But they all have one thing in common—each is a fervent avowal of eternal devotion to Tony in the handwriting of a junior high girl.

It's really something—the young actor declares, in blushing understatement. He reacts to this Chocolate Mail-Coke set adulation as any young boy. He turns red with embarrassment. Just as any of the boys next door, sitting precariously on top of a wooden fence, he'd rather fall off than give any sign that he's aware of the attention of the girl he's trying to impress. The girls in Tony Dow's suburban neighborhood are, of course, doubly interested. At the moment though, they're in the same boat as the thousands of fans who write him letters. He's still flattered—and bashful. Were he of bashful when it comes to explaining the advantages of Sylvan TV sets. If we told all the truth, some people wouldn't believe us. The fact is, Sylvan has incorporated outstanding engineering advancements into their sets. Come in for a demonstration and decide for yourself.

## 1200 Auburndale Homes To Be Solicited For Book Collection

Volunteer troop members of the Scout and Campfire organizations will pay visits to 1200 Auburndale homes during the school vacation week of April 19-25 to collect books to be donated for use in the PTA sponsored Burr and Murray Road Schools new central libraries.

Notices requesting second-hand books in good condition which would be suitable for this purpose have already been distributed on a house-to-house basis, and particular emphasis is being placed upon story-books, classics, books of adventure, nature and biography at the elementary and junior high school level. The fragile nature of paperbacks and Little Golden books excludes their use for such a purpose, and only atlases and encyclopedias which have been published since 1945 are desired.

The Auburndale PTA has made funds available for the purchasing of cataloguing supplies for the two libraries, and this work has been carried out under the direction of Mrs. R. Lawrence Capon, chairman of the library committee. An outdoor fair is being planned during May to raise additional funds for the purchase of new books for the school libraries.

Mrs. Capon has been assisted in her efforts by Mrs. Richard Feinberg and Mrs. Costas Gotsos of the Burr School, and by Mrs. Ralph Alsmeyer and Mrs. David Jackson of the Murray Road School. Mrs. Richard T. Mitchell, PTA president, and Miss Charlotte Forgeron, principal of the schools, have served as ex-officio members of the committee. Already about 800 existing books have been catalogued for use in the two schools.

The volunteer troop members who will assist in the house-to-house canvassing next week consist of children belonging to two Brownie troops under the leadership of Mrs. Charles Butler and Mrs. Francis Reynolds; Girl Scout troops under the leadership of Mrs. Harry Udin, Mrs. Ralph Fitzpatrick, and Mrs. Clarke Gray; Campfire troops directed by Mrs. Bernard Hunt, Mrs. John Duddy, Mrs. Eugene Coyle and Mrs. William D'Agostino; a Bluebird troop directed by Mrs. John Salenne, and a Cub Scout pack led by Mrs. Robert Brennan.

**BERMUDA BOUND SISTERS** — Misses June and Nancy Vachon of 151 Warren street, Newton Centre, are shown aboard the S. S. Queen of Bermuda just before sailing from New York Harbor bound for a spring holiday cruise to the sunny Bermuda Isles. Not a bad prospect with chilly local weather in prospect.

## Nurse Caps To 4 Newton Girls

Four Newton area young women who were "capped" at traditional ceremonies for 58 Boston College School of Nursing students held Sunday at St. Ignatius Church, Chestnut Hill.

The School of Nursing, founded in 1947, is located at 126 Newbury street, Boston. Under construction at Chestnut Hill is Cardinal Cushing Hall, which will house the School of Nursing. The new building will be open in 1960. Those capped included Mary Anne Frances Bowes of 78 Pine Grove avenue, Newton; Jane Louise Anderson of 449 Waltham street, and Eleonora Margaret Hayes of 11 Northgate Park, West Newton, and Henrietta Semrad of 86 Up-land road, Waban.

## Luncheon Sat. For Emerson Hearing Clinic

At the head table will be Mrs. Frank J. Lyons, chairman of the State Board of Education.

Creations by Christian Dior, Traina-Norell Galanos and many other famous designers will be shown at the fashion show. Danish pastry, to be sold prior to the luncheon, is being flown to the U. S. especially for the occasion through the courtesy of the Danish government.

A challenging British film entitled "Thursday's Children" will be shown. It deals with deaf children and the successful techniques used to teach them to acquire speech.

## Garden Club Meets Today

Co-hostesses will be Miss Alice Jones and Miss Madeline Sears.

(Continued from Page 1)  
This can be said: There's something for everyone — from things to make the home and daily chores lighter and brighter to the outdoors, to make the coming summer months cooler and greener.

There are lamps and fixtures; there's clothing and shoes, or gay swim suits; there's all sorts of lawn stuff and things for outdoor living — for the garden, the car, the beach, or just plain doodads. The merchants of the Newtonville area are ready. There'll be no sideshows or freaks — just good honest bargains and they want you to join in the benefits.

And no wonder! Electric cooking is cleaner and cooler. It's fast... it's automatic and economical — you cook for pennies a day. And, of course, electric cooking is safe — no flame, no products of combustion. Wherever the change is to a modern kitchen, the big change is to an electric range.

AND ONE BIG REASON IS THIS DELUXE

## FRIGIDAIRE

ELECTRIC RANGE

This brand new Frigidaire makes electric cooking an even greater joy than ever. The new lacework-front of the storage drawer adds new loveliness to the "sheer look." As for features: fast-heating surface units have five accurate heat levels; clock control provides fully automatic cooking in the giant 23" oven; cooking top has raised edge, cleans with the whisk of a damp cloth; units flip out and drip bowls lift out for easy cleaning; high speed broiler and roomy storage drawer, too. All these — and more — on easy terms at Edison Shops now.

## Expressway Driving Calls For Special Safety Rules

Expressway can be just as dangerous as reckless speed, John Winslow, manager of the Bancroft Auto Club said today, in listing safety tips for freeway driving.

"Most of the vehicles on expressways are moving at high speeds and a car stopped in the path of traffic is a sitting duck," said the AAA club official. "If you have to stop for an emergency, you should pull onto the shoulder. When no shoulder is available, pull as far to the side as possible. Even if your motor stalls, or a tire blows out you can usually guide your car off the travel portion of the road. If you have to get out of your car, do not get out on the traffic side."

Here are suggestions offered by Mr. Winslow:

- (1) Guard against highway hypnosis by keeping your eyes on the move. Avoid a fixed straight-ahead stare. Skip the stay-awake pills and other medication. Eat lightly to avoid drowsiness.
- (2) Avoid marathon driving. Stop and take a rest at least once every two hours.
- (3) Keep pace with traffic. It is the driver who goes faster or slower than the normal speed of traffic who creates hazards.
- (4) Use your rear-vision mirror. On a superhighway, it is the car that comes from "nowhere" at high speed that can cause an accident.
- (5) Remember to enter and leave the freeway at a speed in tune with the traffic. Avoid entering from a standing start.
- (6) Always signal before pulling out to pass or cutting in on traffic, and allow plenty of room for this maneuver.
- (7) Equip your car with travel essentials, such as flashlight, jack, tools, chemical fire extinguisher, first-aid kit and a trouble light.

## Marine Corps Openings For College Women

A limited number of select college women are being sought to attend the Marine Corps Women Officers Training Class at Quantico, Virginia, this summer, according to Master Sergeant Karl Jenkins, local Marine Corps recruiter in the Hyatt Park Municipal Building.

Applications for this year's WOTC should be made as soon as possible, Jenkins emphasized, so that necessary reference checks, screening, and other required procedures may be accomplished in time for the June 17 class convening date.

College undergraduates enrolled in the Marine Corps WOTC Program participate in six-week indoctrination course during each of two summer vacations from college. Seniors and recent graduates complete their Marine Corps officer training during one continuous 12-week period.

Upon successful completion of the training, the college graduate is commissioned a Marine Corps Second Lieutenant. During her next two years on active duty the woman Marine officer may serve at Marine Corps installations in the United States or Hawaii, or may be specially assigned to duty in Europe.

The assignments of women Marine officers are many and varied. As company officers they supervise and direct units of enlisted women Marines; as administrative officers they serve in staff assignments similar to positions held by leading women in business; in training command women officers guide and instruct officer candidates and enlisted recruits.

## "Crusade Night" Launches Fight Against Cancer Here on Tuesday

Two thousand Newton Crusaders, a corps of dedicated local citizens united in the all-out war against cancer, will launch the 1959 campaign here next Tuesday night in what has been planned as the "greatest offensive ever undertaken against the disease."

Mrs. John H. Hanks, house-to-house chairman, and 60 captains will supervise the doorbell offensive by the Crusader corps throughout the city's eight wards.

Educational literature will be distributed and voluntary contributions accepted.

Police Chief Philip Purcell, a long-time and vigorous fighter in the war on the dread disease, as co-chairman of the Newton campaign with E. Tyler Parkhurst, said last night that at least 50,000 leaflets will be given away in the house-to-house canvass.

Chief Purcell told The Graphic that, "these leaflets, part of our educational program, are designed to save

lives that might otherwise be lost to America's No. 2 disease killer by alerting those who receive them to the dangers of neglect and delay."

The local campaign officials also pointed out significantly that the phrase, "Guard Your Family" has been added to the slogan, "Fight Cancer With a Check-Up and a Check."

## \$52,000 Bail Holds Handyman - Burglar

A 50-year-old Roxbury odd-jobs man, Russell Tann, who allegedly helped rob a former employer, was transferred to East Cambridge jail Tuesday to await action by the Middlesex County Grand Jury. Total bail was \$52,000.

Victim of the robbery and gagging at her home was Mrs. Ira Nelson, 65, wife of the former president of Temple Emanuel in Newton Centre. They took \$200 in cash and some jewelry.

She was threatened with death at switch-knife point by two men last week, forced to open a wall safe at her home, 20 Kenwood Ave., Newton Centre, gagged with a scarf and left bound on the floor.

Mrs. Nelson told police Tann had done odd jobs for her and her neighbors. She said he telephoned to say he would bring the \$61 he owed her and work for her the

rest of the day.

Police arrested Tann, of 187 Townsend St., Roxbury. He pleaded guilty in Newton District Court to a charge of armed robbery of Mrs. Nelson. He was held in \$50,000 bail in this case.

Tann also pleaded guilty before Judge Donald E. Mayberry, to a charge of breaking and entering and larceny at the home of Nathan Rosenberg at 811 Commonwealth Ave., Newton Centre, on Oct. 18. Bail of an additional \$1,000 was fixed.

## POLITICAL HIGHLIGHTS

By JAMES G. COLBERT  
Former Boston Post Political Editor

### Cong. Torbert Macdonald Candidate For Governor

Congressman Torbert H. Macdonald of Malden has decided to enter the fight which will be waged next year for the right to run as the Democratic nomination for Governor.

Macdonald has made no public statement of his political plans and, according to persons close to him, does not intend to do so for some time to come.

However, he already is campaigning and lining up support in preparation for the bid he will make next year, and there is little doubt that he intends to give up his congressional seat to strike out for the governorship.

Custom under which an seeker announced his candidacy before launching his

### Mary E. Gorman Essay Contest, And Trip Winner

Mary Ellen Gorman, sixteen year old student in the 11th grade at Our Lady's High School, was the unanimous choice of the judges to be declared the winner of the essay contest sponsored by the Newton Democratic Club.

Her essay, "What Is The Role of the Citizen in a Democracy," won the young lady an expense-paid trip to Washington, D. C., and a visit with U. S. Senator Kennedy. She will be accompanied by her mother.

She is the daughter of Mr. and Mrs. Francis A. Gorman, of 47 Harvard street, Newtonville.

The award was presented by Mass. Attorney General Edward J. McCormack, Jr., who was the principal speaker at the meeting held Monday night.

## Discrimination In Housing Is Attacked Fair Housing Move Picks Up Impetus From Bill Passage

The Newton Fair Housing Committee, carrying through on the impetus of the recent passage by the State Legislature of the Fair Housing Bill, plans a vigorous city-wide campaign against discrimination towards non-whites in local housing. An energetic committee already has this drive in motion with contacts being made with colleges, merchants, industrialists and other employers of personnel who may seek living quarters near their work.

Members of the Newton Fair Housing Committee took active parts in recent hearings preceding the passage by both

houses of the State Legislature of a bill to forbid discrimination in apartment dwellings with three or more units, and in single family housing developments of 10 or more units.

### Laggard Auto Owners Better Get Stickers

Laggard local motorists who have postponed that inevitable date with a filling station for the April green windshield sticker need not be reminded that there's little time left to get the chore done.

Only a week remains to get the important check-up for the family car. Deadline is midnight next Thursday, April 30th.

If any law enforcement officer sees red on your windshield on May 1st, there will be trouble brewing for the motorist who isn't "wearing the green."

## Community Concerts Membership Drive Opens Monday With Dinner

The annual membership campaign of the Newton Community Concerts Association, which last year totaled 1100 music lovers, will be launched auspiciously again this year with a dinner for workers to be held at the West Newton Neighborhood Club next Monday. Mayor Whitmore has

proclaimed next week as "Community Concerts Week" in Newton.

Mrs. J. Leslie Sweetman, campaign chairman, will be the principal speaker. Members of the board of directors will report on the various aspects of the association's work.

Although the drive does not start until Monday, old members have been sending in their subscriptions since early in March at a rate which has kept Mrs. Sweetman's committee busy recording and

## Sales Tax Would Lower Newton Tax Rate \$5.80

### City Would Get \$1,540,000 As Its Share Of Sales Tax

If enacted into law, would yield \$1,540,000 for Newton which would represent a cut of \$5.80 in the city's potential tax rates.

That was pointed out today by Lorenz F. Muther, Jr., executive secretary of the Newton Taxpayers' Association, as he strongly urged the passage of the sales tax measure.

For a Newton family which owns a home assessed for \$10,000 that would mean a \$58 offset in its real estate bill, Muther asserted.

Muther said that a stabilizing influence is vitally needed to check the steady upward climb of the tax rate.

"It is an established fact," he declared, "that industries which would provide employment and add to the prosperity of our Commonwealth and its cities and towns are not coming into Massachusetts, partly because of the high tax rates they must pay here."

At the same time Muther made a plea that the sales tax be considered in a non-partisan and non-political manner.

"While the sales tax bill presently is being sponsored by a Democratic Governor," Muther said, "the sales tax was endorsed by Secretary of State and former Governor, Christian A. Herter and was proposed by ex-Governor Robert F. Bradford as long ago as 1948."

"No one wants a new tax," Muther stated, "whether it be a sales tax or some other kind of tax."

"But it is a hard economic fact that unless we broaden our tax base and ease the

steadily mounting tax burden on real estate, we just aren't going to attract enough industries and businesses to Massachusetts to provide jobs for those boys and girls now coming along in our schools."

Muther predicted that many of those youngsters will have to go to other states to find jobs unless Massachusetts is made a more attractive place for business and industrial corporations to establish plants.

"Our high tax rates now stand as the big deterrent to new business and industry which we must have if we are going to get sufficient employment opportunities for our citizens and especially for our children who in the years ahead will be graduating in increased numbers from high schools and colleges," he declared.

Muther pointed out that

### Flip All Clocks Ahead 1 Hour; It's Here Again

It's that time again—Daylight Saving Time—that is and Sunday at 2 a.m. is the official rendezvous time with the family clocks and personal timepieces. Push 'em an hour ahead—that's all.

You can go beddy-bye earlier than Sunday morn and still be a good American; but before you slip into the sleeping sack be sure to SET THE CLOCK AHEAD.

We all lose an hour this time but will gain it back next fall. If you go to bed at 11 o'clock turn the clock ahead to midnight, or a similar procedure depending upon the hour.

## "Mothers' Day" Sale In West Newton Promises Huge Savings

The florist, the gift-man and candy maker in the West Newton shopping area have begun intensive preparations for one of the truly happy events of the year—"Mothers' Day."

And entering into the spirit, all the retail merchants in the West Newton joined to make this annual event a memorable sales attraction.

The merchants have designated Frank Dowsett as Chairman of the West Newton Retail Sales Division.

He set up a committee of other merchants in the area, enlisted the cooperation of the Newton Chamber of Commerce, and they set the dates of May 7, 8 and 9 for the big affair.

Justin Horan, executive secretary of the Chamber of Commerce, immediately put the full resources of the par-

ent organization to insure complete success for the venture.

The Chairman Dowsett and his committee went to work. These merchants are Francis Chase, Bill Paul, Ralph Malchase, Bill Paul, Ralph Malmgren and Joe Hazelwood.

The committee at once began formulating plans to make this far more than the usual candy and flower sale, the traditional Mothers' Day gifts.

## Map Plans To Begin Group Insurance

Mayor Howard Whitmore, Jr., meets this afternoon in Room 222 at City Hall with members of the Advisory Group, city officials and the city's insurance consultant to discuss the proposed employees' group insurance plan.

They will discuss a proposed draft for "specifications for the proposed insurance to provide group life, accidental life, accidental death and dismemberment, hospitalization, surgical and medical benefits" for

eligible employees of the City of Newton.

The five-member Advisory Committee was selected by the employees. Its function is to consult with the city authorities.

Copies of Chapter 730 and a draft of the proposed specifications were made available to the employee representatives so they could familiarize themselves with the documents.

The advisory group consists of:

Thomas J. Kelly, Fire Department; Donald Mitchell, School Department; Munzio J. Piselli, Local Union 800; Raymond J. Sullivan, Police Department; and J. Edward Theriault, City Hall Associates.

City officials scheduled to meet with the group include Mayor Whitmore, George J. Elbaum, assistant to the city solicitor; Harold T. Pillsbury, administrative assistant to the mayor, and Thomas J. Forde, purchasing agent. Also due to attend is Roger B. Wilson, insurance company consultant of Connell, Price & Company, of Boston.

The firm's facilities, located in Newton, Waltham and Cambridge in 1939, now number 32 plants and laboratories across the nation.

## Lefty Ryan Sparkles In One-Hitter

Southpaw Buddy Ryan hurled a sparkling 1-hitter Tuesday against Arlington in a Suburban League game as his Newton High mates pounded out a 4 to 1 victory.

Ryan struck out 21 batters and walked one over the route.

He had a no-hitter going with two out in the ninth inning. He had walked one man and then allowed an advance to second. With two out and two strikes on the batter, Coach Howie Ferguson allowed Ryan a full-windup, and the runner went to third and scored on a single, the only hit of the game for Arlington.

It was Newton's second League victory. Last Friday they trounced Watertown 6 to 1. Starter Bob Kelley allowed four hits in five innings, and then Ryan went in to relieve and pitched hitless and runless ball for four innings.

The Tigers dropped the opening league game of the season to Cambridge Latin a week ago Tuesday, 4 to 0 when Walt Plausky faced them with a five-hitter.

But in a non-league game, Newton swamped Andover Academy 10 to 0 behind a 3-hitter pitched by junior Bob Beauregard who struck out 11 in his first starting assignment last Saturday.

## A Report to Our Customers

# THE NEW RATES WE NEED WILL COST THE AVERAGE FAMILY ABOUT 1 1/4 CENTS MORE A DAY

In accordance with the law regulating our operations, Boston Edison Company has filed new rate schedules with the Massachusetts Department of Public Utilities.

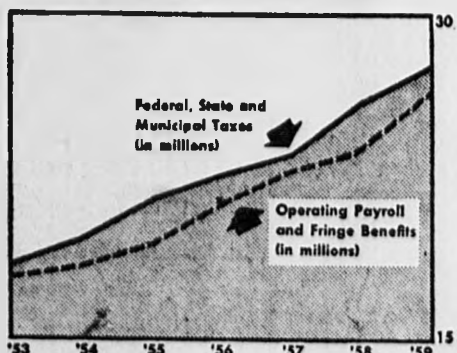

These new rate schedules provide for increases amounting to approximately \$4,521,500 a year or about 4.4 per cent.

Based on average use (173 kwh a month) the proposed increase amounts to one and twenty-seven hundredths cents a day for the residential customer.

The accompanying charts and related facts show how inflationary pressures have increased our costs of providing service. Taxes now take more than 25¢ out of every dollar you pay us.

And yet, as shown in the chart at lower right, the average price our residential customer pays for a unit of electricity has gone down steadily.

### TOTAL TAXES AND WAGES UP \$17 MILLION SINCE 1953

You can see how these two largest expense items have risen in six years. Last year our total tax bill was more than \$27,000,000, over half of which went to the towns and cities we serve. Operating payrolls and benefits were just under \$25,000,000. Both these items will be higher this year.

### QUARTER BILLION 7-YEAR PLANT DEVELOPMENT PROGRAM

Our customers are using more electricity every day and we must be ready to supply all of their needs. These figures show how we must spend to meet these demands.

For the Years 1957 through 1959 \$103,000,000

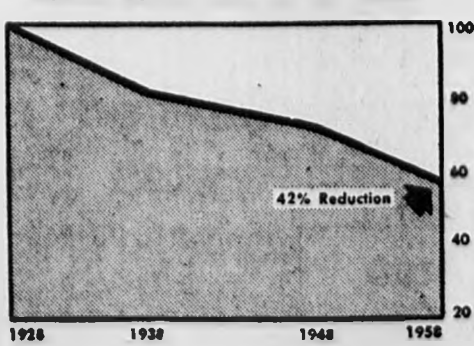

Planned for 1960 through 1963 156,000,000

TOTAL \$259,000,000

### TOTAL WAGES AND LOCAL TAXES UP OVER \$7 MILLION SINCE 1957

{ 1959 over 1958	1,986,000*

### AVERAGE PRICE PER KWH FOR HOMES DOWN 42% IN 30 YEARS

Since 1928 residence use of electricity has increased more than 400%, but our home customer has paid less and less for a kilowatt-hour.

The new rate schedules, as filed on April 16, 1959, will provide needed additional revenues for meeting the very substantial rising costs of maintaining the high standard of electrical service to which our 475,000 customers are accustomed.

### C. Fraser and Bride

The bride was graduated from Newton High School and the Boston School of Dental Nursing.

Her husband, a graduate of Dorchester High School, is a Navy veteran.

The bride is the daughter of Mr. and Mrs. Cedric M. Callander of 139 Mt. Vernon street, Newtonville. Mr. and Mrs. William E. Byrne of 16 Columbia avenue, Newton Upper Falls are the parents of the groom.

The Rev. Richard L. Osterman officiated at the 11 o'clock double ring ceremony. A reception followed at the Hunnewell Club in Newton.

Escorted by her father, the bride wore a gown made of white peau de sole. Her molded bodice had a batteau neckline and was appliqued with Swiss roses to fashion the empire line. Her full skirt was designed with a Watteau paneled cathedral train appliqued with similar lace.

A cap, made of the same Swiss roses, was caught with her fingertip illusion veil. She wore long white gloves and her flowers were white roses and stephanotis.

Miss Susan Callander of Newtonville was honor maid for her sister, Miss Maureen Byrne of Newton Upper Falls, Miss Nanci Blackler of Newtonville, Miss Lois Murrman of Leominster, and Miss Susan Seales of Amherst were her other attendants.

Serving as best man for Mr. Byrne was Mr. Theodore Semrad of Waban. Mrs. Michael Callander of Newtonville, brother of the bride, Mr. Russell Putnam of Brookline, Mr. Phillip Kett of Waban and Mr. William Ganley of Auburndale were the ushers.

When the couple return from a trip to Florida they plan to live at 36 Central avenue, Newtonville.

Both the bride and groom were graduated from Newton High School. Mrs. Byrne attended the University of Massachusetts. Mr. Byrne is now a student at the Boston College School of Business Administration.

Sharing grandparent honors are Mrs. Arthur J. English of West Newton and Mr. and Mrs. Martin Columbo of Dedham.

Dowcett and his committee plan:

"Most of the merchants in the West Newton area have signified their intention to participate in this annual 'Mothers' Day' sales event, and will offer values of timely merchandise at fantastic savings."

So they're making their plans carefully, stocking their shelves with the finest quality and freshest merchandise to make certain that every mother—and every son and daughter—with purchases on their minds will find courteous and eager merchants to fill their needs.

We can't list in these news columns all the items which will be placed on sale, but there will be a smashing four-page section of ads with the May 7th issue of the Newton Graphic.

Watch for it.

## April 26 Is Newton Lions Safety Day

Mayor Howard Whitmore Jr., today issued a proclamation designating Sunday, April 26, as "Lion's Safety Day" as part of a state-wide highway safety campaign.

The proclamation pointed out motor vehicle traffic accidents are a major cause of accidental death, crippling, disfiguring and maiming injury, and urged:

"All citizens of Newton to exercise reasonable caution and courteous habits, while walking and driving, in order that complete freedom from traffic death and injury shall be a reality on this day."

Mayor Whitmore pointed out that everyone should visualize "the possibility of their own individual and involuntary roles in the casual killings of thoughtless, careless drivers, and should realize their responsibilities in a vigorous campaign to teach and preach safe conduct on highways and streets."

Harold S. Rice, Highway Safety Chairman for the Newton Lions Club, emphasized the local organization was participating in a statewide movement to reduce the killing and maiming on our highways.

The campaign will reach a climax on April 26 when members of the Newton Lions will join the other 8,000 Lions of Massachusetts and the uniformed law enforcement officers of the state, to distribute a safety message to Bay State motorists.

Campbell, file of buyers and sellers; Robert E. Segal, legislation; William Jones, collection of signatures for fair housing policy statements, and Mrs. Donn Kesselheim, research committee.

## Lower Rate-

(Continued from Page 1)

Massachusetts now has the highest per capita real estate tax in the nation. He said the per capita tax in Massachusetts is \$121.67 compared to a national average of \$75.46.

"How can we hope to compete with other states for industries which are essential to the prosperity of our Commonwealth unless we take definite and forthright steps to check the upward trend of our tax rates?" he asked.

Muther said that to some degree Massachusetts home-owners will be paying out in sales taxes much of the money they save on their real estate tax bill.

He pointed out, however, that the State income tax exemption for dependents is to be increased from \$100 to \$500.

"It also must be remembered," he added, "that a very substantial amount of money will be paid in sales taxes by business, by tourists and visitors to Massachusetts and by students from out-of-state attending schools and colleges here."

Muther emphasized that he favors economy in government as well as a sales tax and said he felt the tax limit proposed in the Governor's bill would serve as a curb to future spending.

He declared that the sales tax is not "a cure-all" but that it definitely would be a step in the right direction — a step toward making Massachusetts a better and more prosperous state.

"In viewing the sales tax bill," Muther stated, "I believe we should consider it against the big, over-all background of what it could mean to our general economy, our future prosperity and the well-being of our children. We should weigh those advantages against the inconvenience of paying a few pennies at a time in sales taxes."

Muther said there is some confusion as to the articles and items which would be exempt from the sales tax.

"Some of the things on which we would not pay a sales tax," he asserted "are foodstuffs of all kinds, fuel, children's clothing, candy, medicine obtained on prescriptions, real estate or home purchases, and all items on which there already is a state sales tax such as gasoline, cigarettes, liquor and meals."

"Utilities such as gas, water electricity, telephone and telegraph would not be affected by the sales tax," he continued. "We would not pay the sales tax when buying eyeglasses, false teeth, artificial devices for the handicapped, baby oil, newspapers, magazines, charitable and religious publications, and school text books."

"Statements which have been made that the sales tax would increase the cost of funerals are totally incorrect. Caskets and burial garments are exempt from the tax."

"You would not pay a sales tax on your insurance premiums, for haircuts, beauty parlor services, laundry, dry cleaning, shoe repairs and other services."

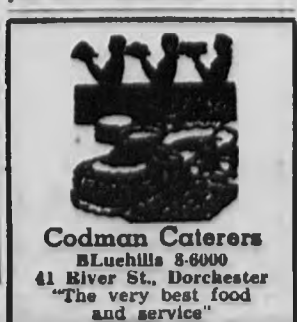

"The amounts you spend for transportation or for admission tickets to various events would not come within the sales tax levy."

"Neither would tools or fertilizer for your garden or lawn. All articles costing less than 19 cents are exempt."

"Mortgage payments and rents, of course, are not covered by the sales tax. Rent-payers, in fact, stand to benefit as much as do home-owners since real estate taxes obviously are charged back against them by their landlords."

"Those expenditures account for the great bulk of the money you spend. It will be only on other purchases, which actually involve a small part of your income, that you will pay the limited 3 percent sales tax."

"The benefits which would accrue to all of us from the sales tax would far outweigh the inconvenience of paying out pennies on the items subject to the sales tax."

## Political Highlights

(Continued from Page 1)

pinned down, probably would not acknowledge that he is even one unofficially.

Sate Senate President John E. Powers has been attending almost nightly meetings and house parties for the past several months in his campaign for election as Boston's next Mayor. While some political experts already are forecasting his election, Powers will not formally declare his candidacy until some time next month.

Macdonald is following that strategy and is patterning his own drive after that of his close friend and former Harvard College roommate, Senator Kennedy.

He has been accepting speaking engagements which have been taking him far beyond the boundaries of his own congressional district, and he has been quietly meeting with Democratic leaders from cities and towns in various parts of Massachusetts in an endeavor to enlist their support.

Obviously, he isn't building his political fences in western and southwestern Massachusetts with a view to standing for reelection to Congress.

Now serving his third term on Washington's Capitol Hill, Macdonald at various times has been reported a candidate for both the U. S. Senate and the Governorship.

He has told persons with whom he has talked recently, however, that he has decided to set his sights on the Governor's chair, and he has sought their backing for a gubernatorial bid.

One of the great all-around athletes in the modern history of Harvard, Macdonald was a roommate of Senator Kennedy throughout his undergraduate days, and the two have been close friends since then.

Like Kennedy, Macdonald served as the skipper of a P-T boat in the South Pacific during World War II.

He is an extremely attractive and personable public figure and proved himself a sturdy vote-getter in his three successful campaigns for Congress.

In moving out to run for the Governorship, Macdonald is entering a field that is fairly well crowded. His prospective opponents are Congressman Thomas P. O'Neil, Jr., of Cambridge, who was Governor Furcolo's campaign manager last fall; State Treasurer John F. Kennedy of Canton and Lieutenant Governor Robert F. Murphy, like Macdonald a resident of Malden.

It is possible that Murphy, after surveying the situation, might shift his sights and seek Macdonald's seat in Congress.

### Report On Democratic Dinner Funds Sought

The old question of what is done with the money raised at the Democratic party's annual Jefferson-Jackson dinner is cropping up again, and this time it may be a little more difficult to brush it off than it has been in the past.

Demands for an accounting of the funds realized from the dinner and a report as to how they are distributed, are being made by officers of an organization of young Democrats.

That is information which various Democrats have endeavored to obtain over a period of years but never have been able to get. It is information which should be a matter of record since the sum presumably would run over a million dollars for a 10-year period.

Except for statements of a general and at times rather vague nature, however, no re-

ports have been made in years as to just what happens with the money obtained from the Democratic party's annual big fund-raising event.

When the Republican party conducts a similar event, the funds realized go into the treasury of either the GOP State Committee or National Committee.

Over the years, however, the group which stages the Jefferson-Jackson dinner has gradually become a sort of closed corporation which apparently is answerable to no one.

In one or two years it was announced that most of the money raised at the dinner was being used to finance a big Democratic registration drive.

Some of the funds also apparently are parcelled out to meet the expenses and payroll of the Democratic State Committee which is rarely heard from except when an election of some kind is being held. In the two and a half years Foster Furcolo has been Governor it would be difficult to recall that one instance where he has been backed on any matter by the State Committee leadership, although the Republican State Committee invariably works closely with a GOP Governor.

Perhaps the organization of militant young Democrats will be able to obtain the facts and figures which many older Democrats have been seeking for years.

### Seeks To Curb Abuses In Use Of State Cars

If State Commissioner on Administration Charles F. Mahoney is able to curb the abuses in the use of state-owned automobiles, it will be one of the most notable accomplishments of the Furcolo administration.

Nothing arouses more public indignation than to see a state car being used for purposes which obviously have nothing to do with state business.

Mahoney is tackling a difficult problem in wade-taking to do something about that situation. But he is both an able and determined young man, and there are indications that he already is making some progress toward the objective he has set for himself.

He has found that substantial savings can be accomplished by establishing car pools and by cutting down the number of state automobiles which are driven home at night by their operators, supposedly because there are no facilities for garaging them near the State House or other buildings where they are used.

What Mahoney doesn't say but what he obviously realizes is that once the cars are driven home they not infrequently are used as if they were the privately owned vehicles of the persons who have custody of them. That not only costs the State money, but it also causes resentment on the part of the taxpayers who foot the bills.

Commissioner Mahoney is delving into all phases of the problem.

One of the things he is studying is the extent to which the cars are used to carry employees between their homes and offices when they should be using the public transportation system like everyone else.

Mahoney already is insisting that less expensive cars be purchased by the State. He also is working on plans for more efficient control of the automobiles and the uses made of them.

By the time he has completed the job he has started the guessing is that he will have saved many thousands of dollars and will have at least partially corrected a condition

## All Newtonville Merchants Hail Success Of Sale

Depleted shelves and show-cases in Newtonville stores, specialty shops and business establishments are mute testimony to last week's smashing sales success.

This was the "April Shower of Savings" so thoroughly publicized in the news columns as a public service, and fully advertised in six full pages of display ads in last week's Newton Graphic.

The success of the April 16, 17 and 18 sale was enthusiastically hailed by the merchants of the area as well as the crowds of buyers who took advantage of the event to lay in supplies of things they needed at once, or knew they would in the immediate future.

The businessmen agreed the sale was a big success.

They credited the careful preparations, the thorough publicity, the complete co-operation of all which led to this success.

The "Shower of Savings" was brought about through the co-operation of the Newtonville businessmen with Justin Horan, executive secretary of the Newton, Chamber of Commerce.

Working closely with Horan were Nate Lomes, general chairman of the Newtonville Retail Sales committee, and Bernard Dokton, chairman of the advertising committee.

"The event was truly successful," said Lomes.

"All the merchants are pleased.

"There is no doubt that the public recognized the outstanding values, the friendly, courteous merchants, the neighborhood convenience, the easy parking, tremendous selections and the truly lowest possible prices.

"I'm sure all the businessmen of Newtonville who participated in this 'Shower of Savings' are pleased and join me in thanking the public for making this event the success it has been."

### Memorial School Registration

Registration for the Memorial School Kindergarten will be held Tuesday, April 28, from 1:30 to 3 p. m., it was announced by Principal Olive F. Eldridge.

Parents are requested to bring their child's birth certificate, proof of vaccination and dates of immunization for polio or diphtheria.

which is the cause of strong public feeling.

### Herter Superbly Fitted To Be Secy. of State

Few Secretaries of State in the history of this nation have been as well qualified for the position as is Christian A. Herter.

As a young man just out of Harvard, he turned to the diplomatic service when he was unable to pass the necessary physical tests to enter the armed services prior to World War I.

He distinguished himself in every assignment given him in the field of foreign affairs, starting from the time he drew up and then negotiated the prisoner-of-war agreement with Germany after the first World War.

As a Congressman he was quickly recognized as an outstanding authority on international problems, and his work as head of a fact-finding congressional committee, which studied conditions in Europe prior to the introduction of the Marshall Plan there, won him national acclaim.

The only uncertainty as to Herter's ability centered on his physical condition. Actually, he had the same arthritic condition during the four years he served as Governor of Massachusetts when he was unable to stand or walk for long distances without incurring severe pain.

Everyone regrets the tragic illness that has struck down John Foster Dulles and wishes fervently that some medical miracle might yet spare his life.

The United States is fortunate, however, to have a man of the capacity, the experience, the training, the steadiness and the brilliance of Christian A. Herter to step into the position Dulles is forced to relinquish.

### TELE-VIEWING THE NEWS

By LEE LOUMOS

To celebrate the show's fourteenth anniversary in an unusual and special way, NBC-TV's "Queen for a Day" will on Wednesday, April 29 crown the "Queen of Queens," chosen from an audience of ex-Queens, according to Jack Bailey, master of ceremonies. Not only the show, but the basis for choice will be unique. Since it is assumed that the lives of the various "Queens" changed for the better after their original appearance on the show, the "Queen of Queens" will be chosen on the basis of the most unusual follow-up story.

This imposing array of facts and figures has accumulated over the past 14 years: 3680 "Queens" have been chosen; 18,300 candidates have been interviewed on the air. More than 6,000,000 people have attended the show in person. More than 3,000,000 people have written for tickets. Queen for a Day has received more than 17,000,000 pieces of mail of all types. The show has given away more than \$16,000,000 in gifts. Over \$700,000 have been spent entertaining "Queens" plus another \$140,000 in trips. "Queens" have taken trips amounting to a distance of 300 times around the world or 9,000,000 miles. They have been selected from all of the United States and 29 other countries. Those are real king size statistics. King size TV enjoyment will be yours with a new 1959 RCA Victor Living Color TV set. ## Watertown Federal is something to live by

A lot of people just put a big hunk of money in Watertown Federal and leave it there to earn dividends. (Now at the anticipated rate of 3 1/4% per year.)

That's fine, but I think the greatest thing about Watertown Federal is that saving there can be made a plan of life.

Watertown Federal can help you get a routine of going there once a week or once a month and leaving a regular sum of money, perhaps small. (Of course you can mail it in; they pay postage both ways. This habit of systematic saving is one of the finest things you can cultivate. You soon learn to know that saving lots is a matter of saving a little bit ever so often.

## HNS Hears Blast Against Obscenity

Very Rev. Francis P. McElroy told members of St. Bernard's Holy Name Society recently that our constitution defends the right to express an opinion, but obscenity is not an expression of an opinion.

Fr. McElroy, archdiocesan director of the Union of Holy Name Societies, spoke at the annual breakfast held at the West Newton Armory following the Communion Mass.

He said members should be interested in the recent literature campaign.

They should not believe that they are exercising censorship of freedom of speech as charged by the defenders of the obscene literature which is available to the young people. More than 400 members attended the breakfast.

Seated at the head table with the speaker were Mark O'Brien, chairman of the sick committee; George Bresnahan, treasurer; John Torphy, vice-president; Monsignor Bernard O'Kane, pastor; Phillip Cacciatore, president; Father Richard Osterman, spiritual director; Louis Osterman, father of the director; Leo Dauwer, secretary and Alex Chasson, breakfast committee chairman.

James Lynch was the program chairman and President Cacciatore served as master of ceremonies. The next meeting of the society will be on May 10th.

## Crusade Night-

(Continued from Page 1)

Newton citizens who are interested in taking an active part in the local drive may obtain information, extra kits, pick-up service, or may give a donation to the American Cancer Society by calling the Newton Savings Bank, BI 4-5577 or Crusade Night next Tuesday.

It is the intention of the Newton committee to explode a barrage of information in the city-wide distribution of leaflets and to bring the campaign directly to the doorsteps of this community by the house-to-house campaign on Tuesday night.

Mr. Parkhurst, co-chairman with Chief Purcell, commented on the three-pronged program which is supported by the fund

raising crusade on April 28. "In addition to the educational aims of the crusade," he said, "to help people understand the nature of cancer and stress the best protection against it, there are the service and research goals. Service includes, first, the support of physicians' efforts to provide earlier and improved treatment of cancer through the setting up of diagnostic and treatment facilities; and, second, the aiding of cancer patients by providing medications, nursing visits, and rehabilitation services.

"Intensification of the research war against cancer is one of the purposes of the society's 1959 crusade," he said.

An economist forecasts that Americans will spend almost \$2 billion this year on sporting goods.

Tann also pleaded guilty to breaking into the home of Kathleen Daly at 262 Beacon St., Chestnut Hill, on April 4, and bail here was an added \$1,000.

Meanwhile, police continued the search for Tann's alleged accomplice, and made a check of pawnshops in the hope of uncovering some of the stolen loot.

The other bandit, Mrs. Nelson told police, was abusive and used profane language during the search for loot.

After they left, Mrs. Nelson succeeded in knocking an upstairs telephone off its cradle and signalling the operator who notified police. Nelson owns a plumbing supply firm.

Autoists are being urged by Frank Roberts, proprietor, to visit his outstanding service station at 1087 Beacon street in Newton Centre for the vital spring checkup needed by all cars after the long and hard winter of driving.

This is particularly true in today's high speed driving, and a bit of extra tire care such as Roberts' Jenney station can provide is well worth the brief time and small amount of money spent.

Greasing, oil and filter changes and a thorough check of the cooling system are very much in order now, and Roberts' Jenney will provide them.

Cooling systems, with proper antifreeze, often go through the entire winter without any kind of a checkup and only fail when the higher temperatures of spring put a sudden strain on worn hoses and connections.

These can cause not only sudden delays in travel, but are bad for the entire motor, which must run at the correct temperature to give longest life and maximum economy.

Drop in at Roberts' Jenney, 1087 Beacon street in Newton Centre. It will be a visit well spent, and you can be sure of the best in quick, courteous service there.

## Square Dance Is Enjoyed By 5th And 6th Graders

A P.T.A. sponsored square dance for the fifth and sixth grades at the Beethoven School in Waban was attended by more than 90 students last Thursday afternoon. Mrs. Robert Devorin, chairman, was assisted by Mrs. Donald Ross in planning the afternoon. Mrs. Woodson of the Physical Education Department of the Newton School Department was caller and instructor.

Mrs. Devorin and Mrs. Ross were assisted in serving refreshments by the following Beethoven School parents: Mrs. Elliott Abbott, Mrs. Frank Greene, Mrs. Harvey Karp and Mrs. William H. Wragg. Mrs. Virginia Overcash and Miss Lydia Shields, fifth grade teachers, were also on hand to help the dancers.

## "Young Men Of The Year"

Three Newton residents were among ten young men who received Greater Boston "Young Men of the Year" awards from this Junior Chamber of Commerce last night at a dinner at New England Mutual Hall.

## 5 To Pay \$1,300 For Vandalism

Two Newton teenage youths and three companions who went on a glass-smashing spree April 3 must earn \$433 each in the next year or go to jail.

Judge Donald E. Mayberry in Newton District Court ordered the youths to make restitution of about \$1,000 and court costs of \$100 each. The youths pleaded innocent but admitted a finding of guilty when they were arraigned on a total of 55 complaints.

The youths were Rupert S. Carven, 17, of 16 Bonair Circle, West Newton; William Meehan, 17, of 191 Dorset Rd., Waban; Brian M. Dooling, 17, of Framingham; James H. McCarthy, 17, of Wellesley and Matthew R. McCann, 18, of Saxonville.

## Court Blocks Closing of Newton Corner Station

### Service Will Be Continued Until Court Fight Settled

Commuter service over the Boston & Albany railroad line to and from the Newton Corner station continued without interruption this week under a temporary restraining order issued by the Massachusetts Supreme Court.

Service at the station had been scheduled to be discontinued Monday.

The present rail service consisting of two morning and three afternoon trains coincided with the rearrangement of express bus trips by the Middlesex & Boston Street Railway Co.

Supreme Court Justice James J. Ronan issued the temporary order requiring the B & A to continue to make the five daily train stops at the Newton Corner station.

His injunction will remain in effect until a final decision is made by the full bench of the State's highest court on the petition brought by the City of Newton and the Newton Improvement Association. This may take several months.

Present indications are that the railroad service to the Newton Corner station will be continued at least until after the Highland Branch line of the MTA is placed in operation about July 1.

The Supreme Court restraining order represented a decisive victory for Mayor Howard Whitmore, Jr., who has spearheaded the fight against the discontinuance of train stops at the Newton Corner station and who was largely responsible for the court petition filed by the City of Newton and the Newton Improvement Association.

The City and the Improvement Association are staunch opponents of the bill was Newton Sen. Howard Whitmore, Jr., who has spearheaded the fight against the discontinuance of train stops at the Newton Corner station and who was largely responsible for the court petition filed by the City of Newton and the Newton Improvement Association.

## Win Merit Scholarships

## 2 Newton Seniors Are Top Scholars

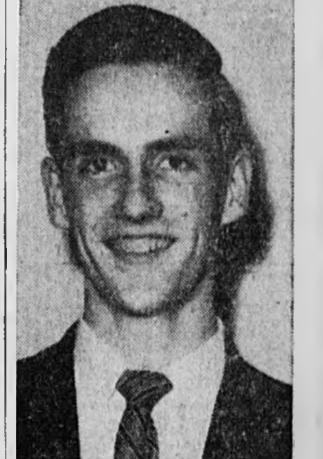

Two Newton High School seniors, Thomas H. Martin and Stephen Landy, have been declared winners of National Merit Scholarships in a nation-wide judging from a field of some 850 top ranking seniors selected from more than 14,000 United States high schools.

The honor is an exceptional one and reflects considerable prestige and distinction not only upon the two young students but the Newton High School faculty as well.

The Newton youths are among approximately 850 winners announced this week by the National Merit Scholarship Corporation, of Evanston, Illinois. It is the largest private scholarship competition ever conducted in this country.

Thomas Martin is the son of Dr. and Mrs. Harold C. Martin, of 82 Wyoming Road. He will major in English at Harvard College and plans a career in teaching or writing.

He has been active in school affairs and has played varsity football at Newton high school for three years. He is president of the National Honor Society, and won the Heintzelman Award for skill in English composition. He is a junior assistant scoutmaster, and Chief of the local lodge of the Order of the Arrow. He was a finalist at the Massachusetts State Drama Festival. His hobbies are reading and writing.

## Taxpayers Official Says:

## Vote Against Sales Tax Will Hike Ante On Income, Property

Executive Director Lorenz F. Muther, Jr., of the Newton Taxpayers' Association declared today that a vote against the sales tax will be "a vote for more rapidly rising property taxes and for more income taxes."

"It's as simple as that," Muther asserted.

"Newton Representatives Heaney, Thresher and Whittemore, by voting against the sales tax in 1957 and again last year, must share the responsibility for the increases in Massachusetts income and property taxes," he maintained.

The spokesman for the Newton Taxpayers' Association called upon the three

## Sees Parking Meter Maids For Newton

Alderman Charles Cosgrove, chairman of the Aldermanic Street Traffic Committee, said today he will offer to the Board meeting Monday night his proposal for "Meter Maids" to enforce curb and meter parking.

"My proposal is aimed to relieve police for other duties," Cosgrove explained. "I feel that the recommendation has many good points, although Police Chief Philip Purcell and other members of the committee are opposed."

Cosgrove does not envision using the present force of Policemen doing traffic duty at school crossings, as this is prohibited by statute.

## C of C Plans Unique 1-Day Membership Drive May 19th

The chairman of the Newton Chamber of Commerce 1959 Membership Campaign today announced plans for a unique—one day, all-out—drive on May 19.

The chairman are Philip Bram, owner of Brams Battery & Tire Service Co., of Newtonville, and Giles E. Mosher, Jr., manager of the Credit Department of the Newton Waltham Bank & Trust Co.

Bram and Giles, both directors of the C. of C., proved their membership-getting ability during the 1958 successful membership drive.

Plans call for a group of 50 top Chamber members to assemble at the Brae Burn Country Club on the morning of May 19 for breakfast, membership kits, instructions and a "pep talk" by William J. Bird, executive vice president of the Boston Chamber of Commerce.

These workers will then depart at 9:30 a.m. for all areas of the community to call on "prime" chamber membership prospects. A report session and social hour will be held at Brae Burn at 4:30 p.m. for all workers at which time the fruits of their labor will be tabulated and announced.

As expressed by Chamber President Richard J. White, in a recent letter to the workers: —ONE DAY DRIVE—

## Worthy Students Get Unique Assist

## Waban Woman's Dream Sees Fruition As Little College Shop Is Launched

A Waban woman, Mrs. Jules Wolfers, wife of the music division chairman of the School of Fine and Applied Arts at Boston University, saw the realization of a dream yesterday when the Little College Shop was launched auspiciously at gala grand opening exercises on the street floor of the school at 857 Commonwealth Avenue, Boston.

The unique shop creates a new approach to combat the problem of depleted scholarship funds at the School of Fine and Applied Arts at Boston University and is the result of dedicated efforts by faculty wives, friends of the university and the concern for education by manufacturers, merchants and individuals.

LOCAL WOMEN HELP OPEN COLLEGE SHOP—Newton members of the organizing committee help prepare the Little College Shop opening yesterday at Boston University. Left to right, Mrs. Harold Ashe; Mrs. Harold C. Case, wife of the university president, who is honorary chairman; Mrs. Louis Klebanov; Dr. Irene Geiringer, all of Newton, and Mrs. Jules Wolfers, of Waban. Shop has grand two-day opening yesterday and today, 11 a.m. to 4 p.m.

## ..Newton News Briefs..

A HALLOWE'EN HOOLIGAN in derby hat, grotesque attire and blackened face covered with a handkerchief, shot a Newton youth, Gerald Marchand, of 34 Faxon street, in the arm with a long-barreled gun and made off with auto license and registration papers after threatening the young man and a girl friend while parked on Prospect Hill. Police took the youth to Waltham Hospital where he was treated for a gunshot wound. There was no rational explanation for the hooligan's antics.

A HOMEMADE BOMB once again can be credited with causing harm in the hands of inexperienced youngsters. Peter Katsinas, Jr., 10, of 56 Pembroke street, narrowly missed serious injury when a thread-spool made into a bomb with powder from caps, and with a string fuse, exploded in his hand. He suffered burns about the eyes, face and hands. Fortunately, his sight will not be impaired.

Three local youths are on probation on charges of exploding homemade bombs.

MAYOR WHITMORE'S proposal for a new Residence F zone for apartment buildings in this city has received the blessing of the Chamber of Commerce.

The new zoning proposal will be given an airing at a public hearing by the Claims and Rules Committee of the Board of Aldermen on Monday, May 11, at 7:45 p.m. President Richard White, Justin T. Horan, executive director, and Dwight Colburn, planning committee chairman, will represent the Chamber of Commerce at the hearing.

WILLIAM F. YOUNG, JR., of Newton, the assistant superintendent of schools in Brookline, has been appointed deputy commissioner of education by the Mass. Board of Education. He succeeds Raymond A. Fitzgerald of Cambridge.

HEALTH DEPARTMENT officials in Newton are advising dog owners to have their pets immunized against rabies, either by private specialists or at the vaccination clinic to be held late in May at local fire stations. Clinic is now being organized by the Newton Health Department.

## Elks Honor Leadership Winners

Two high school seniors have been selected as winners of the Newton Lodge, East Central District and State Elks Leadership awards.

They are Harold J. Cohen of Newton High and Ann Marie Murphy of Our Lady's High School.

Winners of the various awards will be presented tomorrow morning to Mayor Howard Whitmore Jr., at City Hall, in honor of National Elks Day.

U.S. Savings Bonds and certificates will be presented Friday evening.

Harold is student vice-president of Newton High School PTSA, a member of the track team, circulation editor of the yearbook and a member of the

## Stern Warning From Registrar On Car Stickers

Hurry, hurry, hurry, time is running out for that green inspection sticker for the family automobile. It's your last chance today.

Early tomorrow morning, Friday, May 1, Registry inspectors and local police will patrol every highway looking intently at passing windshield.

Registrar Clement A. Riley has issued the stern warning that operators of un-inspected cars will be booked and prosecuted in court. No excuses will be accepted. No consideration will be given. After all, today is quite late to get a sticker after a whole month of warning.

## Hints For More Fun In Outdoor Months; Working Gals Lives

An old friend — and one eagerly anticipated each month by readers of this newspaper — colorful, interesting "Suburbia Today" comes calling again next week.

It's a swing to happy plans for those gay, outdoor months ahead in the May issue of the bright, little magazine.

Sure to hit a responsive note is the informative article, "Over The Coals." This tells the inside story of how to convert doubtful Mr. Suburbia himself from the balky creature who usually riles up if forced to boil an egg, into an a p r o n e d, sleeves-rolled-up gourmet with an outdoor grill, who can toss off any amount of edible items.

It's a breeze to prepare those barbecue-tested chickens, rock-lobster tails, lamb delicacies, as well as the old stand-bys, hot dogs and 'bergers, with the recipes contained in this article.

## Aldermen Asked To Rescind Cut Of School Funds

Members of the Board of Aldermen are being asked to rescind the action they took several weeks ago when they cut an allowance of \$1100 for out-of-state travel from the school department budget.

Mayor Howard Whitmore, Jr., has transmitted to the Aldermanic Board a vote by the School Committee members requesting that the \$1100 be restored to their budget.

The matter will be considered by the Aldermanic Finance Committee tonight and by the

## Perry Retires As Newton Savings Bank President

Joseph Earl Perry retires today as president of the Newton Savings Bank, which, during his 15 years in office, grew from 27th place to tenth among the savings banks of Massachusetts.

After a summer of travel and rest, Perry plans to resume the practice of law in Boston.

Frederick C. Oher, who resigned as President of the Fitchburg Savings Bank, replaces Perry, and becomes the tenth President of the 130-year-old thrift institution which was founded March 3, 1829.

Oher assumes his new duties tomorrow.

In terminating his post as President of the Newton Savings Bank, Perry brings to a close another chapter in a banking career of unusual proportions. It is doubtful, if anyone now living in the state has had such extensive contacts with so many fields of banking.

Perry, a resident of Belmont, is an attorney and spent many years as a bank conveyor and in behalf of the Mass. Bankers Association he carried to a successful conclusion in the Supreme Court a basic case involving bank taxation.

He was an incorporator of the Belmont Savings Bank, a Director in the Belmont Trust Company and Acting President of the Waverly Co-operative Bank.

In 1940 he was appointed Commissioner of Banks in the National Association of Supervisors of State Banks he was successively Chairman of the New England Division, a Director, Vice President and President.

In 1944 he resigned as Commissioner to become President of the Newton Savings Bank which then occupied a single building, had assets of about \$24 million, including the life insurance department, and a personnel of 15.

Fifteen years later he is leaving a bank with over \$97 million of assets including the life insurance department, six offices in Newton, Wellesley and Needham, and a personnel of 96.

The bank's school savings department each week of the school year goes into some 650 school rooms in 50 schools in Newton, Needham and Wellesley. Since the program was inaugurated in 1943, the school savers have accumulated

He spent six years in the state legislature; three years in the state income tax department; President of the YMCA for Massachusetts and Rhode Island; Secretary of the Phi Beta Kappa Association of Greater Boston; for 25 years Chairman of the Trustees of Belmont Methodist Church.

In Masonry he served as Grand Master for Massachusetts. He has written extensively on banking and Masonry and has given addresses in approximately a third of the states, and in Canada and England.

## Alvord's Will Handle Fanny Farmer Candy

Alvord Pharmacy (formerly Hahn Drug Store) 105 Union street, Newton Center, has been an outlet for Fanny Farmer candy in the South Newton area, according to Leonard D. Griffiths, president of Fanny Farmer Candy Shops, Inc., Rochester, New York.

Free samples of Fanny Farmer candy and Kiddy Pops will be given to store visitors on Friday, May 1, says Carl H. Alvord.

Alvord Pharmacy will offer a wide selection of ready packaged Fanny Farmer candies. Candies are among the most popular gifts for birthdays, anniversaries, parties and graduations. Various holiday assortments will be stocked, as well as hard candies, and chocolates for Mothers' Day, May 10.

As many as fifteen different ingredients go into a typical Fanny Farmer candy. More than 150,000 gallons of fresh cream and 500,000 pounds of the finest creamery butter are used each year in their candy making processes. French crisps, for example, are 80% butter.

This Fanny Farmer outlet in the Alvord Pharmacy will mark another milestone in the evolution of the old Hahn Drug Store at 105 Union street, Newton Centre.

## Suburbia Today-

(Continued from Page 1)

On Wheels," is the saga of reliable, and now fancied up, station wagon. Readers will enjoy the story of the growth of this modern necessity from its dim, horse-drawn beginnings to a gallery of the bright, sleek, efficient 1959 models.

Millions of married women in America punch time-clocks daily and step forth into the hurly-burly of the business world to help bring in extra shekels to the usually mortgaged domicile.

Margaret Halmy has a fine feature in the May "Suburbia Today" that covers the subject in all its facets. "Mother's Back at Work," is really enjoyable reading.

If you don't have an outdoor swimming pool in the backyard, you'll want one after reading, "Make The Most of Your Pool," by John Brimer. Mr. Brimer gives the low-down on pools, simple and exotic, with a few words thrown in about bath houses.

Those wonderful regular "Suburbia" features will be back next week. Lew Sayre Schwartz returns with his clever "Disturbia" cartoons. This page gives the suburbanite an eye-ful, a back steps view of the homemakers by the folks who help keep the house and the family functioning, the milkman, garbage collector — and others.

"Cross Country Classified," and "What's New in Books, Movies and Records," carry the usual assortment of items of particular interest to readers. A number of other articles and pictures are included in the issue.

All in all, the May issue of "Suburbia Today" is another "must" for readers of this newspaper. It's the fastest growing newspaper magazine supplement in the country today.

legislators to "make a better choice this time."

"Newton legislators should take their former place of leadership in the legislature, especially when the issue is one of a major financial reform for the benefit of the state and its political subdivisions," he stated.

Muther noted that two years ago an estimated \$120 million in new revenue was needed by the state and by the cities and towns, that it could be raised by the sales tax and that the Taxpayers' Association supported the proposal at that time.

"What has happened since?" he queried.

"About \$100 million in higher real estate taxes, one of the most regressive of all our taxes, has been levied by the municipalities. The legislature prorogued in 1958 without balancing its budget and then early this year wangled the income tax into double taxation. The income tax for both 1958 and 1959 is being collected in this single year to let the state squeak by once more."

"Neither the state nor the municipalities have yet developed any adequate solution or improvement in their tax sources," he continued, "and many legislators are still fighting shy of the only adequate and basic reform which has any chance of being adopted this year."

Muther stressed that the choice before the legislators and the citizens is not between a sales tax or no new taxes.

"Once again the choice is whether the legislators will inform the citizens that they must help meet the rising state and municipal and county costs, for the services which the citizens themselves in large part are demanding, either by a straightforward sales tax or by a continuing hodge-podge of insufficient, regressive, duplicating and temporizing expedients," he said.

## Tax Boost-

(Continued from Page 1)

Donald L. Gibbs who declared that Newton's MTA deficit would mean "a \$3 to \$4 increase in the tax rate" which is now \$54.

Newton's share would jump from its present \$124,890 to \$342,214 if the bill is passed by the House and signed by Gov. Furolo.

Sen. Richard R. Caples (D-Brighton) claimed that "for 19 years the other communities in the MTA have been riding the gravy train."

"Newton has been a notorious evader of its just share of the MTA deficit," Caples contended.

However, Sen. Fred I. Lamson, Malden Republican, asserted "you can't solve Boston's problem by transferring them to other cities and towns."

The Dean's List at Boston College School of Education includes the names of Veronica E. McCloud of 14 Maple Pk., Newton Centre, and Mary M. Cyr of 30 Kensington St., Newtonville.

"The expanded Chamber program for the benefit of Newton business requires a minimum of 100 new members to support actively and financially the chamber and its 1959 program of work.

"Every businessman and woman in our community should feel extremely proud of the progress which the Newton Chamber has made over the past few years. The many areas of endeavor in which the Chamber has been

active in its role as the organization of Newton business, have indirectly benefited all businesses in our community whether they are small or large, retailer or manufacturer."

Executive Director Justin T. Horan recently stated in the special "Membership Drive Edition" of the Newton Chamber of Commerce Business Bulletin that, "business requires today more than ever an organization whereby businessmen may express their opinions and promote a good business climate to protect their business investments."

"The Newton Chamber of Commerce is the only such vehicle available for the average Newton Businessman whereby each can express his opinion and promote his business along with his fellow business neighbors."

## POLITICAL HIGHLIGHTS

Former Boston Post Political Editor

### Premature Sales Tax Fight Would See Defeat of Bill

Timing may become a crucial factor in the most important battle which will be waged on Beacon Hill this year — the fight over Governor Furcolo's limited 3 percent sales tax bill.

Present indications are that there is a fairly good chance that the measure would be approved by the House after the State budget is acted upon but practically no likelihood that it could be passed in advance of the budget.

Yet, there is some possibility that the showdown in the House of Representatives on the sales tax may come next week. If that happens, the bill will be defeated by a decisive margin. But the vote would not reflect the true sentiment on the issue.

A vote next week definitely would not provide a fair test of the potential support in the House for the sales tax bill.

Governor Furcolo, who won the first round in the sales tax fight when the joint legislative committee on taxation endorsed his proposal, will score another victory in the second round.

A majority of the members of the House ways and means committee also will give the measure their stamp of approval and presumably will report out the bill whenever the Governor desires.

Furcolo, however, will lose the third—and more important—round if he allows the full-dress battle in the House to come prematurely.

A sizeable number of Republican House members have declared privately that they would vote against it if it is submitted to them before the budget.

The sales tax proposal is destined for certain defeat in the House unless a majority—or very nearly a majority—of GOP members line up behind it. There is no prospect whatever of marshalling the necessary Republican support to pass the sales tax before the budget is debated.

That has placed Governor Furcolo and his advisors in something of a dilemma in deciding whether the budget for the next fiscal year or the sales tax bill should be sent to the House first.

They are apprehensive that opponents of the sales tax may wage a fight for unsound cuts in the budget, which would force a curtailment of necessary public services, in an attempt to show the 3 percent impost is not needed.

Governor Furcolo's strategy on the sales tax timing has undergone two changes and at the moment apparently is back where it started.

Originally, the Governor intended to have the sales tax voted on before the budget. Then Senator Robert P. Cramer, chairman of the taxation committee, expressed a desire to hold the sales tax measure until the budget was passed and Furcolo assented.

Senate President John E. Powers, however, refused to allow the taxation committee to sit on the sales tax bill, insisting that the committee include their work by the established deadline and forced the bill to be reported out of that committee.

Since then the Governor and some of his lieutenants have returned to their original thinking of having the sales tax

fight precede the budget battle. But a check of sentiment in the House reveals that if they follow that strategy they almost surely will be heading into a major defeat.

Supporters of the sales tax realize that is so, and if the bill is reported out next week a move may be made to postpone action on it. Such a motion might prevail and, in effect, put the measure on ice in the House for a while.

An impression is growing at the State House that the battle over the Governor's budget for the fiscal year starting July 1 may be as furious as the sales tax fight.

Governor Furcolo has told persons close to him that he will accept a budget which has been subjected to what he terms "phony cuts."

At times in the past, for example, the Legislature has adopted a 10-months budget, knowing that a deficiency budget would have to be submitted the following year to finance the operations of the State for the other two months.

Furcolo has made it plain in his conferences with his advisors that he would not sign a budget of that kind but would return it to the Legislature and keep the law-makers in session until they had restored the cuts he considered unwarranted.

Neither will Furcolo place his signature on a budget which has been slashed so that it would be necessary for the State to curtail its services in such fields as mental health.

A big clash may well develop over the amount of money which will be allowed for educational purposes. Some legislators have intimated that they believe that is one portion of the budget which can be pared sharply. Furcolo, on the other hand, has indicated he will fight back if he feels educational appropriations are reduced too deeply.

Orindarily a Democratic Governor, whose party controlled both branches of the Legislature, could expect to have his budget approved with only token cuts. The reason Furcolo may face a battle is that Democrats who are against the sales tax may vote for budget slashes which under other circumstances they would oppose.

#### Staunch GOP Senator Defends Gov. Furcolo

Beacon Hill observers were somewhat startled the other day when State Senator Philip A. Graham of Hamilton arose to protest that certain of the recommendations made by Governor Furcolo in his inaugural message had not been given a public hearing.

One of the more conservative Republicans in the Legislature and twice a candidate for the presidency of the Senate when the GOP maintained control of that body, the blunt, outspoken Graham by no means can be classified as one of Furcolo's defenders.

To complete the paradox, one of the Solons who clashed sharply with Graham and contradicted his assertions was Democratic State Senate Leader Maurice A. Donahue of Holyoke who is regarded as one of the Governor's top legislative spokesmen.

"Well, I guess we'd better get started storming down the take windows."

Strictly speaking, Graham was right. When the rule was invoked requiring legislative committees to discharge the matters upon which they had not acted, some of Governor Furcolo's proposals, along with a substantial number of other bills, automatically were reported unfavorably.

In Furcolo's case no harm was done because his recommendations were referred by the Senate to its ways and means committee which is not required to meet the same deadline as most other committees in completing its business.

Graham later made it plain that he was arguing strictly about the principle involved and was not undertaking to fight the battles of a Democratic Governor who he generally opposes.

A strong suspicion exists that Graham was endeavoring to stir up a little discord among the Democratic Senators and perhaps touch off a row among them.

#### Curtis Draft Movement Is Gathering Momentum

A movement to make Congressman Laurence Curtis the Republican nominee for Governor in 1960 appears to be gathering momentum within the GOP across Massachusetts.

Sentiment for Curtis has been given a psychological lift by the fact that he is representing the same congressional district and to some degree traveling the same political path as did Secretary of State Christian A. Herter.

An increasing number of Republicans are coming around to the belief that if their party is to have any real chance of achieving a comeback in Massachusetts next year it must avoid a split in the top echelons of its ranks at either the 1960 convention or primary.

Congressman Curtis apparently shares that opinion because persons close to him report that he probably would accept the nomination for Governor but would not involve himself in a fight in order to get it.

Curtis feels, it is explained, that a knock-down battle at the Republican State convention 13 months from now would inevitably leave some scars which would impair GOP chances of recapturing the Governorship.

He held the same conviction back in 1952 when, after he had become a candidate for Governor, he withdrew from the contest in order to give Christian A. Herter a clear field for the nomination. Herter, of course, went on to win election, while Curtis ran for and won election to Congress.

The circumstances now are much the same as they were in 1952, when a group of top Republicans persuaded Herter to give up his seat in Congress and stand for the Governorship, and the feeling is that this time the GOP will turn to the man who succeeded Herter in Congress.

Senator Leverett Saltonstall will have a great deal to do with fashioning and shaping Republican strategy in Massachusetts for next year.

Saltonstall, who is assuming an increasing amount of leadership in GOP councils in the State, will have a tremendous stake in next year's election. He faces a challenge by Governor Foster Furcolo for the seat he has held since 1944. He will want and need the strongest ticket running with him which can be put together.

In the final analysis it probably will fall to Saltonstall to persuade other Republican politicians who may have gubernatorial ambitions to stand side in the interest of party harmony.

Alaska's flag was designed by a 13-year-old schoolboy, according to The World Book Encyclopedia. The flag shows seven gold stars, representing the gold mining industry, in the shape of the Big Dipper on a field of blue. An eighth star in the corner represents the North Star, symbolizing Alaska's far-northern location.

## Clafin School PTA Annual Bazaar Saturday Noon And Eve

The Clafin School P.T.A. will hold its annual bazaar Saturday, May 2, with a children's program in the afternoon from noon until 3 p.m., and an evening party for parents at 8:30 p.m. Co-chairmen of the bazaar this year are Mrs. William Ranger Farrell and Mrs. Murray Glickman.

The afternoon festivities will begin with a 25-cent lunch of hot dogs, soft drinks, brownies or ice cream. Mrs. Charles Siegel and Mrs. Olive Huling are in charge of food procuring and Mrs. Philip Savage will direct the preparation of the lunch. Each Clafin School student will receive 25 cents worth of free tickets.

The school gymnasium, at 465 Lowell avenue, Newtonville, will be decorated, thanks to Mr. and Mrs. Ralph Werman around a circus theme, and will be the setting for many kinds of entertainment for the children, including games of skill, grabs (under the chairmanship of Mrs. George Schwartz), fortune tellers, make-up as Indians or clowns and movies in the auditorium below.

A new feature will be Silhouettes by Lillian Clarke, created on the spot. Cakes and casseroles will be on sale under the chairmanship of Mrs. Frank Howard. There will also be many varieties of house plants, nurtured throughout the winter by Clafin School pupils, teachers and mothers, and all brought together for sale by Mrs. Theodore Singer and Mrs. Stanley Sacks, co-chairmen.

White elephants and novelties have been collected by Mrs. Henry Lambert and Mrs. Richard Husselbeck and will help to solve the Mother's Day gift problem.

Tickets for the evening activities have been sold under the direction of Mrs. William Paul with the assistance of the room mothers, whose chairman is Mrs. Philip Levine. Mrs. Richard Mintz and Mrs. Bernard Gordon, co-chairmen of the door-price committee, have secured many valuable surprises for lucky winners, including a Zenith transistor radio and case.

The evening festivities will begin at 7:30 p.m. with informal neighborhood punch parties.

### Police Promptness

To the Editor  
Newton Graphic,  
Dear Sir:

Now that I am back at home I want to express sincere appreciation of the assistance rendered to me following a fall in my yard recently resulting in a broken hip.

In response to our call the Newton Police Department ambulance promptly responded. With it four police officers; Kilroy, Power, Rich and White. These gentlemen lifted me skillfully and carefully to the stretcher.

Undoubtedly, their trained handling facilitated the treatment at the hospital later. I cannot sufficiently express my gratitude for this prompt and skillful assistance which I am sure is characteristic of our splendid Newton Police Department.

Sincerely,  
John W. Stokes.

### Congregational Woman's Association

The Annual Meeting of the Woman's Association of Central Congregational Church, Newtonville, will be held at the church at noon Wednesday, May 6. Luncheon will be served at 1 o'clock and a Play Day program will follow.

## FAMILY PET!

The family pet may be a stalwart watchdog or just good company. But smart home financing these days must be B-O-T-H. It must make sure that the family purse strings get the most home for the money—and yet it must add welcome assistance to the budget. That's why the Newton Co-operative Bank, a specialist in home financing since 1888 treats your mortgage as something S-P-E-C-I-A-L!

which stock the shelves, with every dime taken in at the shop going to pay for scholarship assistance.

All merchandise for sale at the shop has been donated by merchants and individuals.

Mrs. Wolfers conceived the idea for the Little College Shop after listening to her husband repeatedly relate the difficult task he had turning away capable but needy students because scholarship funds were exhausted.

"The Waban woman lost no time in putting her brain child into fruition once the idea had come to her.

She immediately organized and headed a committee of equally dedicated women and began soliciting objects and merchandise from individuals and business firms throughout Newton and the entire Boston area. These items would compromise the stock for sale at the shop.

Their campaign was a complete success and on opening day yesterday, the Little College Shop was bulging with various and sundry goods. The opening day sale will be continued today and the shop will be open for business daily from 11 a.m. to 4 p.m.

Mrs. Harold C. Case, wife of the president of Boston University, is honorary chairman of the committee. Working with Mrs. Wolfers are co-chairmen Mrs. Paul Bernat, Mrs. Robert A. Choate and Dr. Edith Vogt, of Brookline; Mrs. Louis Klebenov, Mrs. Harold Ashe and Dr. Irene Geiringer, of Newton; Mrs. Albert Spalding, of Great Barrington, and Mrs. Alfred Mirovitch, Mrs. Karl Fortess and Mrs. Horace Armistead, of Boston.

### Eligible for Promotion

Alice M. Hodgson of 24 Channing road, Newton, passed a civil service examination to qualify herself as eligible for promotion to the position of principal clerk in the Registry of Motor Vehicles. It was announced at the State House this week.

Nabbed by Newton police, the boys were linked to a rock-throwing spree in Waban, Newton, Framingham and Wellesley. In Framingham, Franklin Harding, suffered a serious eye injury when struck by a splinter of glass from a shattered window at his home on State St.

Each of the youth told Judge Mayberry he was sorry and apologized, saying he could give no reason for his actions. The fathers of the youths were asked to stand, and the court suggested they have their sons earn the money to pay the damages.

He put them on probation until April 30, 1960.

"They let you down," Judge Mayberry said. "I think they should learn their lesson the hard way."

Judge Mayberry said the charges would be dismissed at the end of the probationary period if the youths observe the conditions of the parole and behave themselves.

### Newton Centre-

(Continued from Page 1)

Co-chairmen Bernie Dresner and Joe Harris announced today the dates for the second annual May sale will be the 14th, 15th and 16th.

"The businessmen of Newton Centre are going all out to make this sales event the most successful promotion ever attempted," Chairman Dresner said.

"The great success of last year's sale has given the merchants added incentive to surpass their efforts of last year to make the values even more outstanding."

President John Russo has rallied the merchants to arrange with wholesale outlets to provide the finest merchandise at the lowest possible cost, to give the shoppers in the Newton Centre area the greatest possible savings.

Dresner, Harris and Russo point out that summer vacation will be here soon, and that the children will need the usual sturdy play clothes, shoes, swim suits, and playthings to keep them out of mischief.

And, they add, the closing of school also means graduations and when May comes can June's weddings be far behind? they ask.

They feel that the Newton Centre shoppers, who know bargains when they see them, will be delighted at the dollar-savings planned for the May 14, 15 and 16 sales days.

Watch the advertising pages of the Newton Graphic for this outstanding sales event.

### Breakfast at Church

The Women's Society of Christian Service of the Newtonville Methodist Church will have a breakfast at the church on Wednesday, May 6 at 9:30 a.m.

## Johnson Predicts Banner Tennis Year In Newton

Recreation Commissioner E. Evan Johnson predicted today a banner year for Newton tennis enthusiasts, and the early season play on the 29 courts which are available at this time, have been popularly welcomed.

Comr. Johnson added that the remaining clay court areas will be conditioned as soon as weather and the maintenance schedule permits.

The Newton Recreation Department's 1959 tennis program opened April 10 with the

use of all-weather asphalt composition courts. On the past week-end the clay courts were opened at Burr Playground, Newton Centre Playground and at the High School.

sale on May 7, 8 and 9 and there will be four full pages of advertisements in next week's Newton Graphic to give shoppers an inkling of things these merchants have prepared.

Chairman Frank Dowcett of the West Newton Retail sales division of the Newton Chamber of Commerce has received the fullest cooperation from Justin Horan, executive secretary of the Newton C. of C. in this endeavor.

Both have received favorable responses from merchants in the area to join in the promotion, and to offer outstanding values for this happy merchandising event.

Chairman Dowcett is aided in his efforts by a committee composed of Francis Chase, Bill Paul, Ralph Malmgren and Joe Hazelwood. They plan to make this far more than just a candy and flowers sales event.

There'll be all sorts of merchandise suitable for gifts and needed materials for coming events, such as Fathers' Day, commencements, showers, wedding gifts and summer vacations.

Naturally, mothers will get gifts from their husbands and children, but mothers are the prime shoppers for the family.

And there will be well-stocked shelves and show-cases to tempt mother in the form of merchandise needed for the whole family at savings that are "out of this world."

## DeNucci Seeking Revenge

Newton's 19-year-old slugger, Joe DeNucci, climbs through the ropes for his 22nd pro fight at Boston Garden Saturday night, and it's the biggest date of his career.

DeNucci will be climbing back into the ring against veteran Chico Vejar of Stamford, Conn., in a nine-rounder to head a glittering Goodwin A.C. All-Star card.

The Newton teenager will be out to erase the only defeat on his record.

"I froze that last time," admits DeNucci. "It won't happen again. I've wanted this return bout ever since he beat me. I'm going to make the most of it."

Last Nov. 17 Vejar snapped DeNucci's undefeated string at 16 straight by registering a TKO in the sixth round when DeNucci suffered a gash above the left eye. Now DeNucci will get the

second chance he has begged for against the advice of his manager.

In a 10-round N. E. light heavyweight title bout, Bob Young of Providence, will put the championship on the line against Billy Ryan of Lowell. Another 10 will find Stefan Redl, Hungarian welter champ, facing Roger Harvey of Bermuda.

## Newton Nine Wins 2 More League Tilts

Coach Howie Ferguson's Newton High continued its winning ways this week and racked up two more wins in Suburban League Play.

This gives Newton four wins out of five starts.

Yesterday in Brockton, Newton's Southpaw Buddy Ryan unfurled a neat 4-hitter as his teammates pounded out an 8 to 1 victory.

Newton played errorless ball as Ryan struck out 13 and walked six. Last week Ryan pitched a 1-hitter to beat Arlington.

Third baseman Buddy Russo led the Tiger attack with three for three, including a double against Brockton.

Last Friday Newton hammered Rindge Tech for a 10 to 5 victory, after a shaky start which saw them trailing 5-3 at the end of two innings. Bob Beauregard got credit for the win but Left Ryan relieved to pitch hitless and

Last year, this man was ready to shut down his small electronics parts manufacturing plant. Small orders weren't enough to make a reasonable profit; and the big orders weren't coming his way because he just didn't have the facilities to handle them. There seemed to be no way out — until he talked with a friendly Small Business Loan Officer at his neighborhood office of the Newton-Waltham Bank. He discovered how many firms of com-

parable size had solved their problems with a moderate (average \$5,000) loan, repayable in 24 monthly installments, from their helpful Newton-Waltham man. After simple consultation, he arranged his loan, bought new equipment, and today is filling orders at peak capacity.

### Rallies Pep Up Class Elections; Student Car Parking Is Problem

By JUDY ARNOLD

**HIGHLIGHTS . . .** Primary elections were held earlier this month for school and class officers. The only associates office for which a primary was necessary was that of Girls' vice president. Connie Markey and Donna Richmond are the contenders for this office now. Primaries were held for all senior offices except president and associates council representatives. Still in the running for first vice-president are Paul Kaplan and Anthony Lavelly; for second vice president, Philip Barry and Bill Southmayd; for secretary, Joanne Arcuri and Judy Malone, and for treasurer, Alan Copeland and Joseph O'Donnell.

As a result of the junior class primaries, Peter McKenny and Peter Sahlin are competing for president; Ray Frieden and Mark Peters for

vice president; Elaine Ferreri and Elaine Shapiro for secretary; Web Hull and George Levenson for treasurer, and William Albert, Judy Bailen, Sue Dralain, and Carol Eggers for associate council representative. The rallies for these candidates were held during the two weeks before April vacation. The final elections will be held May 7 and the winning candidates will take office next fall.

During the past few weeks students have not been permitted to park their cars on Walnut street. This area has been reserved for teachers only. After filling out parking questionnaires pupils are waiting for the time when they will be allowed to park in the area beyond the tennis courts on Elm road. This privilege will only be granted to students who have received a parking sticker.

John Swanton, Mary Small, Bill Howard and Paul Nichols were awarded first prize in Newton's ninth annual Science Fair. The event was held in the high school gym earlier this month. The exhibits of Mary and John were also displayed at the Massachusetts Science Fair at M.I.T.'s Rockwell Cage. Faculty members from surrounding schools aided in the judging of projects made by high school, junior high, and elementary school boys and girls. Second place winners were John Derr, Mike Chessman, Ray Frieden and Sveta Mitrovich.

Victor Baer, Natalie Denkin, Stephen Fleischer, Martin Greenstein, Ted Henry, Wil-

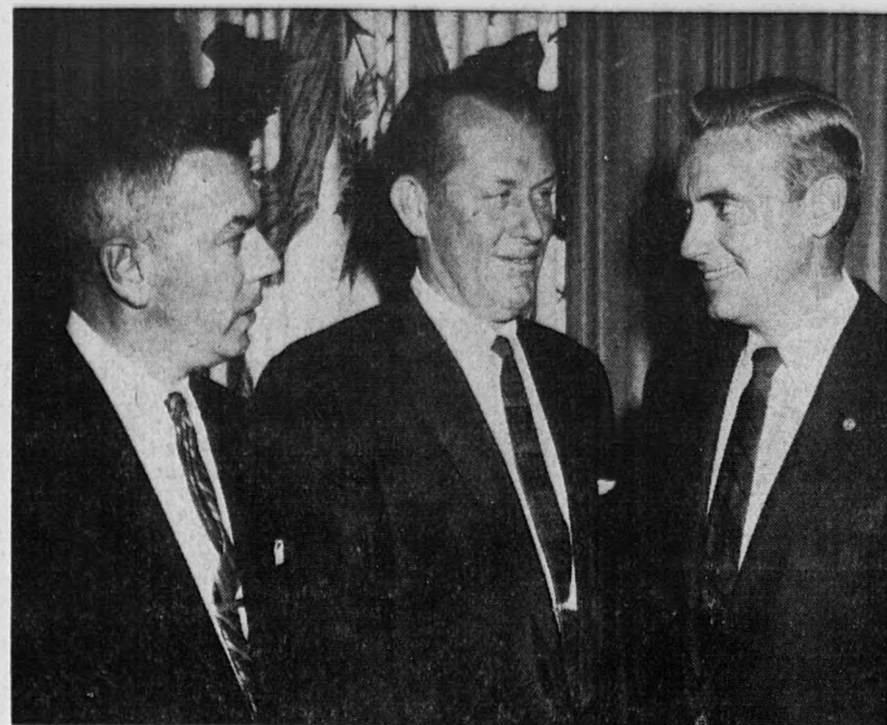

liam Johnson, Arnold Kraft, Richard Rockwood, Donald Woodruff, Malcolm Morrison, David Moltz, David Phillips, Chris Master, Kenneth Patterson, Joel Selig, Vincent Simone and Thomas Tsutsumi received certificates of honorable mention for their projects. In addition, Fred Blankenship, Robert Borelli, Robert Wolf, and Richard Morse were awarded technical awards for craftsmanship. Mary Small, as a result of winning a first place, was interviewed on WGBH-TV at 7:00 on April 18. Next year the fair will be sponsored by the biology club.

Courses in "Home Care of the Sick" and "First Aid" are being given to any interested Newton pupils. The lessons are sponsored by the Newton Chapter of the American National Red Cross.

At the French Club's April meeting a "Concours Oral" was held for all students of French Curriculum I and II classes. Contestants were instructed to prepare a poem of 15 to 30 lines. Judging was done on the basis of pronoun-

## Collegians Split On Red China Approval

The Newton College conference panel on world affairs held last week at Claflin School Auditorium favored stronger support for the United Nations, but on the question of recognizing China, participants were about evenly split.

More than 250 students and guests participated in the all-day session, and voted on some 20 issues presented by six discussion groups led by Newton citizens.

The collegians favored high-level and well-financed research for peace, and for federal, and foundation support of travel, study and training opportunities for qualified young men and women as top priority items and devices for obtaining a better peace.

Efforts for mutual understanding between the USA and USSR should continue to be encouraged, according to the text of another resolution adopted in "off the cuff" voting. It favored a more extensive exchange of students, scientists, business men and editors.

Mayor Howard Whitmore, Jr., in bringing greetings of the City to the conference, said he knew of no topic on which there was greater unanimity and suggested that the greatest hope for peace lay "in people knowing each other."

Superintendent of Schools Eric N. Dennard brought the welcome of the School Department and School Committee, he declared:

"If we do not have the courage to discuss this question, we have not any excuse to be hopeful. One never knows, out of this conference one might find a key to open the pathway to peace of the world."

Director of the College, Walter M. Taylor, presided over both morning and afternoon sessions of the conference to which six discussion groups of Newton citizens

submitted the "resolutions" for a platform.

Washington news writer Michael Amrine in his keynote speech declared that present weapons technology and the likelihood of solutions by automatic computer have "taken the fate of the world out of the hands of statesmen."

"A peace without tensions depends upon concessions," Amrine said, adding that "some degree of trust does exist between the US and the USSR."

Most of all, he said, we must hope for "social inventions like junior colleges, open skies, atoms for peace," to begin to match technological inventions.

Edmund C. Berkeley, only Newtonian on the panel, asserted that "the Russian government has made up its mind not to have a war if it can be avoided," and added that "peaceful co-existence is possible and can happen."

Miss Gertrude Wernick of Newton, has won a scholastic award at the Hebrew Teachers College and was placed on the Dean's List. She is a sophomore.

## Lions Safety Drive Spreads 200,000 Cards

The chairman of the Highway Safety Program for the Newton Lions Club announced today that 200,000 cards were distributed to the motoring public to climax a month-long safety campaign of the 8,000 Lions in Massachusetts.

Chairman Harold S. Rice of Wentworth Institute said the card is in two parts.

The "tear-off" is a Motor Vehicle Safety Certificate with a pledge to safe driving. It has value only to the extent that the motorist wishes to absorb the basic principles expressed thereon, according to Rice, courtesy, caution, alertness and mechanical dependability.

The postal card section gives the motorist an opportunity to have a personal part in a highway safety campaign. He may mail in his own idea of a safe driving slogan.

The winner will receive a \$100 Savings Bond.

Newton volunteers have been seeking contributions to the double-faceted 1959 campaign from every Jewish woman in the community. Calling the campaign a "challenge we must meet as responsible individuals," Mrs. Horne praised Women's Division volunteers for their devoted efforts on behalf of the appeal.

## Newton Students At Youth Atom Conclave

Jeanne M. Rawson, daughter of Mr. and Mrs. Elmer J. Rawson of 52 Bourne Street, Newton, and Jeffrey W. Kobrick, son of Mr. and Mrs. A. Morris Kobrick of 9 Grove Hill Avenue, Newtonville, left by bus Wednesday morning, April 29, for Atlantic City, N. J., to attend the first annual National Youth Conference on the Atom opening April 30 and ending May 1.

On the trip, being sponsored by the Boston Edison Company, Miss Rawson, a junior at St. Mary's High School, Waltham, is accompanied by Brother Raymond, F.S.C., of the school. Kobrick, is accompanied by Mr. James W. Miller, a science teacher at Newton High.

Miss Rawson recently was awarded a first prize in the Twelfth Annual Archdiocesan

Science Fair. She is a cheerleader at the school and a member of the Glee Club. Kobrick is a member of the Debating Society and plays baseball and basketball.

At the Conference more than 400 students will learn how the atom is being put to use in medicine, agriculture and in the development of electric power.

The students were selected by school authorities in their communities for their excellence and interest in scientific studies.

The group of 25 students and teachers sponsored by Boston Edison from 10 communities will stay at the Claridge Hotel in Atlantic City and will return home on Saturday, May 2.

As the conference will be conducted annually, all towns and cities among the 40 served by Boston Edison will be represented over the years ahead.

Organizations cooperating in the conference include the American Association for the Advancement of Science, Atomic Industrial Forum, National Science Foundation, National Science Teachers Association, and Science Clubs of America.

## Fibrosis Group To Install At Meeting May 12

Mrs. Harry Shwachman will act as installing officer at a meeting of the Newton Branch for Cystic Fibrosis to be held at the Spaulding School, Newton Centre, Wednesday evening, May 13 at 8:15 o'clock.

Mrs. Richard Rossman, program chairman, has arranged an excellent evening with a book review of a current best seller as an entertainment feature. Mrs. Alan Edelstein and Mrs. Richard Englander are co-chairmen of the coffee hour.

Activity at the moment is being centered around the Rummage Sale to be held at 471 Dudley street during the week of May 4th. Mrs. Abraham Sweet, chairman, has announced that many members have volunteered their services as store personnel.

Those who wish to contribute rummage for this sale are asked to contact Mrs. Milton Gray of Newton, DE 2-2406. Funds raised at this Rummage Sale go to further public education and medical research in the fight against Cystic Fibrosis, an incurable disease which hampers the digestive and respiratory systems of more than 7000 new-born children every year.

## Women Voters See Need For Fiscal Revise

The Newton League of Women Voters, through its president, Mrs. Isidor Slotnik, has urged Governor Furcolo to take the initiative in calling a joint convention of the General Court this spring for the purpose of amending the State Constitution in two areas.

For many years, the League has favored a constitutional amendment which would remove restrictions on the taxing power of the legislature. Through its extensive studies, over a long period of time, it is the feeling of the League that a much needed constructive overhaul of the Massachusetts fiscal system would be possible only if the legislature were freed from the restrictions now imposed by the Constitution.

Mrs. Slotnik has also informed the Governor of the League's support of the four-year-term for the Commonwealth's Chief Executive.

Four Newton students — Donald R. Livingston, Robert H. Masow, Edward Morton and George L. Scott, are among 43 freshmen recently named as Dean's Scholars at the University of Massachusetts.
